RECEIVER GREGORY S. MILLIGAN'S MOTION FOR AUTHORIZATION OF SALE OF REAL PROPERTY LOCATED AT 1848 CIRCLE ROAD, TOWSON, MD 21204

This Motion for Sale of Real Property ("Sale Motion") seeks authorization to sell real property located at 1848 Circle Road, Towson, MD 21204 (the "Real Property"). If you oppose the sale identified in this Sale Motion, you should immediately contact the undersigned counsel for Receiver Gregory S. Milligan (the "Receiver"). If you and the Receiver cannot agree, you must file a written objection to the proposed sale within thirty (30) days of the filing of this Sale Motion. Your objection must state why the proposed sale should not be approved by the Court and whether the objecting party has a proposed buyer willing to purchase the Real Property for an amount that exceeds the Purchase Price set forth below. If no party files a timely objection, the proposed sale may be approved by the Court without a hearing, thereby authorizing the Receiver to close the sale as soon as practicable.

Receiver Gregory S. Milligan, with the consent of the Securities and Exchange Commission (the "SEC"), the Office of the United States Attorney (the "U.S. Attorney's Office"), Defendant Kevin B. Merrill ("Merrill"), and Relief Defendant Amanda Merrill ("Amanda Merrill"), respectfully files this Sale Motion for authorization to sell the real property located at 1848 Circle Road, Towson, MD 21204 (the "Real Property"), pursuant to the approved procedures for the sale of the residential real property held by the Receiver. *See* Dkt. No. 137. The facts and circumstances supporting this Sale Motion are set forth in the Declaration of

Gregory S. Milligan (the "Milligan Declaration"), which is attached hereto as **Exhibit A**. In further support of this Sale Motion, the Receiver states as follows:

I. BACKGROUND

- 1. On March 8, 2019, the Receiver filed the Motion for Approval of Procedures for Sale of Real Property and Retention of Sotheby's International Realty, Inc. as Broker (the "Sotheby's Motion") to obtain Court approval to market and sell the real property in the Receivership Estate. *See* Dkt. No. 107.
- 2. Merrill and Amanda Merrill consented to the Sotheby's Motion. *See* Dkt. Nos. 116 & 117.
 - 3. Defendant Jay Ledford opposed the Sotheby's Motion. See Dkt. No. 115.
- 4. On April 23, 2019, the Court entered an Agreed Order on the Sotheby's Motion (the "Agreed Order") with respect to certain real property owned or purchased by Merrill and/or Amanda Merrill (the "Merrill Real Property"), which established the procedures for the sale of the Merrill Real Property (the "Real Property Sales Procedures"). *See* Dkt. No. 137
- 5. The Real Property is one of the Merrill Real Properties that was approved for marketing and sale by the Court. *See* Dkt. No. 137.
- 6. Pursuant to the Real Property Sales Procedures, the Receiver retained Sotheby's International Realty, Inc. ("Sotheby's") and began marketing the Real Property for sale. See Milligan Declaration at ¶ 6.
 - 7. The initial listing price for the Real Property was 2,750,000.00. See id. at 7.
- 8. On July 9, 2019, the Receiver filed the initial motion to sell the Real Property for the full list price of \$2,750,000.00, which the Court granted on July 10, 2019. *See* Dkt. Nos. 153 & 155.

- 9. The sale of the Real Property did not close as anticipated, and on October 11, 2019, the Receiver gave notice that the Real Property would be relisted. *See* Dkt. No. 224.
- 10. Since relisting, the Real Property's listing price was reduced to \$2,599,000 on May 18, 2020, and further reduced to \$2,499,000 on August 19, 2020. See Milligan Declaration at \P 7.
- 11. After diligently marketing the Real Property, Sotheby's received an offer from Jerome E. Mychalowych (the "Buyer") to purchase the Real Property for \$2,499,000.00 (the "Purchase Price"), which is currently the full listing price. *See id.* at ¶ 8. A copy of the Residential Contract of Sale for the Real Property (the "Contract") is attached as **Exhibit 1** to the Milligan Declaration.
- 12. The Purchase Price includes the furniture currently located in the dining room and master bedroom of the Real Property. *See id.* at \P 9.
- 13. The Purchase Price will be financed in part, with proof of a loan commitment provided to the Receiver by the Buyer, and is not contingent upon inspections or the sale of any current home owned by the Buyer. *See id.* at $\P 10$.
- 14. Pursuant to the Real Property Sales Procedures, the Receiver believes a private sale of the Real Property pursuant to the terms of the Contract will yield a higher return than a public auction. *See id.* at ¶ 11.
- 15. Pursuant to 28 U.S.C. § 2001, the Receiver obtained three appraisals of the Real Property from disinterested appraisers. *See id.* at ¶ 12.
- 16. The first appraisal was performed by Jordan May of Classic Appraisal Services (the "May Appraisal"), which concluded the present market value of the Real Property was

\$2,725,000.00 as of May 30, 2019. See id. at ¶ 13. A copy of the May Appraisal is attached as **Exhibit 2** to the Milligan Declaration.

- 17. The second appraisal was performed by Adam J. Bolling of Appraisal Concepts, Inc. (the "Bolling Appraisal"), which concluded the present market value of the Real Property was \$1,306,000.00 as of May 27, 2019. See id. at ¶ 14. A copy of the Bolling Appraisal is attached as **Exhibit 3** to the Milligan Declaration.
- 18. The third appraisal was performed by Herbert L. Hosford, III, of Four Corners Appraisal Group (the "Hosford Appraisal") (the May Appraisal, Bolling Appraisal, and Hosford Appraisal are collectively, the "Appraisals"), which concluded the present market value of the Real Property was \$2,650,000.00 as of May 24, 2019. See id. at ¶ 15. A copy of the Hosford Appraisal is attached as **Exhibit 4** to the Milligan Declaration.
- 19. The sale proposed by the Receiver herein is \$272,000.00 higher than the average appraised value. See id. at ¶ 16.
- 20. The Receiver believes that the sale of the Real Property to the Buyer at this time pursuant to the terms of the Contract is in the best interest of the Receivership Estate¹ to maximize the recovery and preservation of Receivership Assets. See id. at ¶ 17.
- 21. If approved by the Court, the proposed 6% commission of \$149,940.00 (the "Commission") would be paid 50% to Sotheby's and 50% to the Buyer's broker and out of the Purchase Price at closing. *See id.* at ¶ 18.

¹ Capitalized terms herein shall have the same meaning as used in the First Amended Order Appointing Temporary Receiver (the "Receivership Order") (Dkt. No. 62) unless otherwise noted.

- 22. Additionally, if approved by the Court, Sotheby's would also receive an administrative fee of \$495.00 (the "Administrative Fee") to be paid out of the Purchase Price at closing. *See id.* at ¶ 19.
- 23. Finally, if approved by the Court, the sale of the Real Property would also incur customary closing costs for taxes and other government fees in the approximate amount of \$31,366.56 to be paid at closing out of the Purchase Price. *See id.* at ¶ 20. A copy of the draft Closing Disclosure is attached to the Milligan Declaration as **Exhibit 5**.

II. REQUESTED RELIEF

- 24. The Receiver seeks Court authorization to sell the Real Property to the Buyer for the Purchase Price and pursuant to the other terms and conditions described in this Sale Motion. Pursuant to the Agreed Order, the Receiver also seeks Court authorization to pay the Commission, Administrative Fee, and other customary closing costs out of the Purchase Price. See Dkt. No. 137 ¶ 6.
- 25. The Purchase Price exceeds the range of comparable sales and the opinions of present market value for the Real Property as identified in the Appraisals. *See* Milligan Declaration at ¶ 16.
- 26. The Receiver believes a private sale of the Real Property will yield a higher sale price than a public auction. See id. at ¶ 17.
- 27. In the Receiver's business judgment, the Commission and Administrative Fee proposed by Sotheby's is fair market value for such services and will result in a net benefit to the Receivership Estate and will reduce the administrative cost to the Receivership Estate. Pursuant to the Agreed Order, the Receiver seeks authorization to pay these fees in connection with the sale of the Real Property. If Sotheby's was required to submit fee applications, the burden of

preparing those fee applications would fall on the Receiver's professionals and would increase the burden on the Receivership Estate. Accordingly, the Receiver is requesting final approval for payment of Sotheby's Commission and Administrative Fee, along with all other customary closing costs, out of the Purchase Price at closing without need of further Court approval. *See id.* at ¶ 21.

- 28. Pursuant to the Real Property Sales Procedures, this Sale Motion will be served on all Known Parties of Interest. As used in this Sale Motion, the term "Known Parties of Interest" shall mean: (i) all counsel and/or pro se parties of record who have registered to receive electronic service; (ii) all parties of record in this matter who have not registered to receive electronic service; and (iii) any individuals or entities who hold a recorded lien on the Real Property.² Any Known Parties of Interest who have registered to receive electronic service shall receive a copy of this Sale Motion through the Court's CM/ECF filing system. All other Known Parties of Interest shall receive a copy of the Sale Motion through regular U.S. Mail. The Sale Motion will act as formal legal notice of the proposed sale and will require all Known Parties of Interest with objections to the proposed sale to timely respond to this Sale Motion or be deemed to consent to the sale. The Receiver will also post a copy of this Sale Motion and proposed order on the Receiver's website for this case, www.merrill-ledford.com, to provide adequate notice to the public of the proposed sale.
- 29. Pursuant to the Real Property Sales Procedures, any party, entity, or person asserting an objection to this Sale Motion shall file its objection within thirty (30) days of the filing of the Sale Motion. In the event an objection is filed to this Sale Motion, such objecting

² The Receiver obtained a title report for the Real Property, which revealed there are no recorded mortgages or other liens on the Real Property. Accordingly, there are no known lienholders to provide notice to under the Real Property Sales Procedures.

party shall state why the proposed sale should not be approved by the Court and whether the objecting party has a proposed buyer who is willing to purchase the Real Property for an amount that exceeds the proposed Purchase Price. The Receiver's response to any objection to this Sale Motion shall be due within fourteen (14) days of the date the objection was filed with the Court. If the Receiver fails to respond to the objection, the objection shall be granted and this Sale Motion shall be denied. If the Receiver files a response, the Court may thereafter determine whether a hearing is necessary to (i) approve the sale, (ii) sustain the objection, or (iii) order a public auction with the proposed Buyer and terms under the Sale Motion to act as a "stalking horse" bid, subject to higher and better offers.

- 30. Pursuant to the Real Property Sales Procedures, if no objection is filed, or if the Court approves the sale subsequent to an objection, the Receiver's sale of the Real Property shall be free and clear of all liens, claims, and encumbrances, unless the Court orders that such liens, claims, or encumbrances shall attach to the proceeds of such sale. All allowed claims shall attach to the proceeds of the sale of the Real Property without need for further Court order. If any party asserts a lien, claim, or encumbrance on the Real Property, such sale may still go forward to closing, with a determination of the extent, validity, and/or priority of the alleged lien, claim, or encumbrance to be made by the Court at a later date.
- 31. Pursuant to the Agreed Order, the net proceeds of the sale of the Real Property will be held in an interest-bearing account maintained by the Receiver pending final resolution of this SEC Action or further Order of this Court. Pursuant to the Agreed Order, all rights, reservations, claims, defenses, and objections of Amanda Merrill, the SEC, and the Receiver have been preserved with respect to distribution of the proceeds.

III. CONCLUSION

WHEREFORE, the Receiver respectfully requests that this Court enter an Order: (i) granting this Sale Motion; (ii) authorizing the Receiver to sell the Real Property to the Buyer free and clear of liens, claims, and encumbrances (with such liens, claims, and encumbrances, if any, to attach to the sales proceeds) for the Purchase Price and pursuant to the other terms disclosed in this Sale Motion; (iii) authorizing Sotheby's to receive the Commission at closing from the Purchase Price, which will be shared equally with the Buyer's broker, plus the Administrative Fee; (iv) authorizing the Receiver to pay other customary closing costs out of the Purchase Price at closing; and (v) granting such other relief as the Court deems just and proper.

Date: September 16, 2020. Respectfully Submitted,

<u>DECLARATION OF GREGORY S. MILLIGAN IN SUPPORT OF RECEIVER'S</u> <u>MOTION FOR AUTHORIZATION OF SALE OF REAL PROPERTY LOCATED AT</u> 1848 CIRCLE ROAD, TOWSON, MD 21204

Gregory S. Milligan declares, pursuant to 28 U.S.C. § 1746 and under penalty of perjury,

that the following is true and correct:

- 1. My name is Gregory S. Milligan and I am of sound mind and capable of making this Declaration. I have personal knowledge of the facts stated herein and they are true and correct.
- 2. I am the Court-appointed Receiver in the civil action styled *Securities and Exchange Commission v. Kevin B. Merrill, et al.*, Case No.: 1:18-cv-02844-RDB pending in the United States District Court for the District of Maryland.
- 3. In furtherance of my duties to manage and maintain the value of the Receivership Assets, I filed a Motion for Approval of Procedures for Sale of Real Property and Retention of Sotheby's International Realty, Inc. as Broker (the "Sotheby's Motion") (Dkt. No. 107) to obtain Court approval to market and sell the real property in the Receivership Estate.
- 4. On April 23, 2019, the Court entered an Agreed Order on the Sotheby's Motion (the "Agreed Order") (Dkt. No. 137) with respect to certain real property owned or purchased by Defendant Kevin B. Merrill and/or Relief Defendant Amanda Merrill (the "Merrill Real Property"), which established the procedures for the sale of the Merrill Real Property (the "Real Property Sales Procedures").

HB: 4835-9464-5146.3

¹ Capitalized terms herein shall have the same meaning as used in the First Amended Order Appointing Temporary Receiver (the "<u>Receivership Order</u>") (Dkt. No. 62) unless otherwise noted.

- 5. The real property that is the subject of the current sale motion is located at 1848 Circle Road, Towson, MD 21204 (the "Real Property") and is one of the Merrill Real Properties that was approved for marketing and sale by the Court.
- 6. Pursuant to the Real Property Sales Procedures, I retained Sotheby's International Realty, Inc. ("Sotheby's") and began marketing the Real Property for sale.
- 7. The initial listing price for the Real Property was \$2,750,000.00. On July 9, 2019, I filed the initial motion to sell the Real Property for the full list price of \$2,750,000.00, which the Court granted on July 10, 2019. See Dkt. Nos. 153 & 155. The sale of the Real Property did not close as anticipated, and on October 11, 2019, I gave notice that the Real Property would be relisted. *See* Dkt. No. 224. Since relisting, the Real Property's listing price was reduced to \$2,599,000 on May 18, 2020, and further reduced to \$2,499,000 on August 19, 2020.
- 8. After diligently marketing the Real Property, Sotheby's received an offer from Jerome E. Mychalowych (the "Buyer") to purchase the Real Property for \$2,499,000.00 (the "Purchase Price"), which is currently the full listing price. A copy of the Residential Contract of Sale for the Real Property (the "Contract") is attached hereto as Exhibit 1.
- 9. The Purchase Price includes the furniture currently located in the dining room and master bedroom of the Real Property.
- 10. The Purchase Price will be financed in part, with proof of a loan commitment provided to me by the Buyer, and is not contingent upon inspections or the sale of any current home owned by the Buyer.
- 11. Pursuant to the Real Property Sales Procedures, I believe a private sale of the Real Property pursuant to the terms of the Contract will yield a higher return than a public auction.
- 12. Pursuant to 28 U.S.C. § 2001, I obtained three appraisals of the Real Property from disinterested appraisers.
- 13. The first appraisal was performed by Jordan May of Classic Appraisal Services (the "May Appraisal"), which concluded the present market value of the Real Property was \$2,725,000.00 as of May 30, 2019. A copy of the May Appraisal is attached hereto as **Exhibit 2**.
- 14. The second appraisal was performed by Adam J. Bolling of Appraisal Concepts, Inc. (the "Bolling Appraisal"), which concluded the present market value of the Real Property was \$1,306,000.00 as of May 27, 2019. A copy of the Bolling Appraisal is attached hereto as **Exhibit 3**.
- 15. The third appraisal was performed by Herbert L. Hosford, III, of Four Corners Appraisal Group (the "Hosford Appraisal") (the May Appraisal, Bolling Appraisal, and Hosford Appraisal are collectively, the "Appraisals"), which concluded the present market value of the Real Property was \$2,650,000.00 as of May 24, 2019. A copy of the Hosford Appraisal is attached hereto as **Exhibit 4**.

- 16. The sale proposed herein is \$272,000.00 higher than the average appraised value.
- 17. I believe that the sale of the Real Property to the Buyer at this time pursuant to the terms of the Contract is in the best interest of the Receivership Estate to maximize the recovery and preservation of Receivership Assets.
- 18. If approved by the Court, the proposed 6% commission of \$149,940.00 (the "<u>Commission</u>") would be paid 50% to Sotheby's and 50% to the Buyer's broker out of the Purchase Price at closing.
- 19. Additionally, if approved by the Court, Sotheby's would also receive an administrative fee of \$495.00 (the "Administrative Fee") to be paid out of the Purchase Price at closing.
- 20. Finally, if approved by the Court, the sale of the Real Property would also incur customary closing costs for taxes and other government fees in the approximate amount of \$31,366.56 to be paid at closing out of the Purchase Price. A copy of the draft Closing Disclosure is attached hereto as **Exhibit 5**.
- 21. In my business judgment, the Commission and Administrative Fee proposed by Sotheby's is fair market value for such services, will result in a net benefit to the Receivership Estate, and will reduce the administrative cost to the Receivership Estate. Pursuant to the Agreed Order, I am seeking authorization to pay these fees in connection with the sale of the Real Property. If Sotheby's were required to submit fee applications, the burden of preparing those fee applications would fall on my professionals and would increase the burden on the Receivership Estate. Accordingly, I am requesting final approval for payment of Sotheby's Commission and Administrative fee, along with all other customary closing costs, at closing out of the Purchase Price without need of further Court approval.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on September 16, 2020.

GREGORÝ S. MILLIGAN

A. FEDERAL LEAD-BASED PAINT LAW: Title X, Section 1018, the Residential Lead-Based Paint Hazard Reduction Act of 1992 (the "Act"), requires the disclosure by Seller of information regarding lead-based paint and lead-based paint hazards in connection with the sale of any residential real property on which a residential dwelling was constructed prior to 1978. Unless otherwise exempt by the Act, the disclosure shall be made on the required federal Disclosure of Information on Lead-Based Paint and/or Lead-Based Paint Hazards form. Seller and any agent involved in the transaction are required to retain a copy of the completed Lead-Based Paint Disclosure form for a period of three (3) years following the date of settlement. A Seller who fails to give the required Lead-Based Paint Disclosure form and EPA pamphlet may be liable under the Act for three times the amount of damages and may be subject to both civil and criminal penalties.

DS	cknowledges by Buyer's initials below that Buyer has read and understands the provisions of Paragra / (BUYER)	aph 16.A.
(As M	/(BUYER)	

B. RENOVATION, REPAIR AND PAINTING OF PROPERTY: In accordance with the Lead Renovation, Repair and Painting Rule ("RRP") as adopted by the Environmental Protection Agency ("the EPA"), effective April 22, 2010, if the improvements on the Property were built before 1978, contractor(s) engaged by Seller to renovate, repair or paint the Property must be certified by the EPA where such work will disturb more than six square feet of paint per room for interior projects; more than 20 square feet of paint for any exterior project; or includes window replacement or demolition ("Covered Work"). Before and during any Covered Work project, contractor(s) must comply with all requirements of the RRP.

A Seller who personally performs any Covered Work on a rental property is required to be certified by the EPA prior to performing such Covered Work. No certification is required for a Seller who personally performs Covered Work on the Seller's principal residence. However, Seller has the ultimate responsibility for the safety of Seller's family or children while performing such Covered Work. For detailed information regarding the RRP, Seller should visit http://www2.epa.gov/lead/renovation-repair-and-painting-program.

C. MARYLAND LEAD POISONING PREVENTION PROGRAM: Under the Maryland Lead Poisoning Prevention Program (the "Maryland Program"), any residential dwelling constructed prior to 1978 that is leased for residential purposes is required to be registered with the Maryland Department of the Environment (MDE). If the Property was built prior to 1978 and is now or has been a rental property or may become a rental property in the future, a separate Maryland Lead-Based Paint Disclosure form is attached. Detailed information regarding compliance requirements may be obtained at: http://www.mde.state.md.us/programs/Land/LeadPoisoningPrevention/Pages/index.aspx.

- **17. NOTICE REGARDING DISCLOSURE OF DEFERRED WATER AND SEWER ASSESSMENTS:** Pursuant to Section 14-117(a)(5) of the Real Property Article of the Annotated Code of Maryland, a contract for the resale of residential real property that is served by public water or wastewater facilities for which deferred water and sewer charges have been established by a recorded covenant or declaration shall contain a notice disclosing information about the deferred water and sewer charges. **If a Seller subject to this law fails to comply:**
 - (a) Prior to settlement, Buyer is entitled to rescind in writing the sales contract without penalty or liability. On rescission, Buyer is also entitled to the full return of any deposits made on account of the sales contract. If any deposits are held in trust by a licensed real estate broker, the return of the deposits to a Buyer under this law shall comply with the procedures under § 17-505 of the Business Occupations and Professions Article of the Annotated Code of Maryland. Buyer's right of rescission shall terminate five days after Seller provides to Buyer written notice in accordance with this requirement; and
 - (b) After settlement, Seller shall be liable to Buyer for the full amount of any fee or assessment not disclosed, unless Seller was never charged a fee or assessment to defray the costs of public water or wastewater facilities by the developer, a successor of the developer, or a subsequent assignee.

This law does *not* apply in a county that has adopted a disclosure requirement that is substantially similar to this law. (If the Property is served by public water or wastewater facilities for which deferred water and sewer charges have been established by a recorded covenant or declaration: See Notice Regarding Deferred Water and Sewer Charges.)

19. WOOD DESTROYING INSECT INSPECTION: Buyer, at Buyer's expense, (if VA, then at Seller's expense) is authorized to obtain a written report on the state regulated form from a Maryland licensed pest control company that, based on a careful visual inspection, there is no evidence of termite or other wood-destroying insect infestation in the residence or within three (3) feet of the residence; and damage due to previous infestation has been repaired. The provisions of this paragraph also shall apply to: (1) the garage or within three (3) feet of the garage (whether attached or detached); (2) any outbuildings located within three feet of the residence or garage; and (3) a maximum of ten (10) linear feet of the nearest portion of a fence on Seller's Property within three feet of the residence or garage. If there is evidence of present infestation as described above, or if damage caused by present or prior infestation is discovered, Seller, at Seller's expense, shall repair any damage caused by present or prior infestation and have the present infestation treated by a licensed pest control company. If the cost of treatment and repair of such damage exceeds 2% of the purchase price, Seller may, at Seller's option, cancel this Contract, unless Buyer, at Buyer's option should choose to pay for the cost of treatment and repairs exceeding 2% of the purchase price, then this Contract shall remain in full force and effect. If such report reveals damage for which the cost of treatment and repair exceeds 2% of the purchase price. Seller's decision regarding treatment and repair of damage shall be communicated in writing to Buyer within five (5) days from receipt of the report, after which Buyer shall respond to Seller in writing with Buyer's decision within three (3) days from receipt of Seller's notification of Seller's decision. If Seller does not notify Buyer in writing of Seller's decision within five (5) days from receipt of report, Buyer may, at Buyer's option, pay for the cost of treatment and repairs exceeding 2% of the purchase price. If Buyer does not want to pay for the cost of treatment and repairs exceeding 2% of the purchase price. Buyer may terminate this Contract upon written notice delivered to Seller. In the event this Contract is terminated under the terms of this paragraph, the Deposit(s) shall be disbursed in accordance with the Deposit paragraph of this Contract.

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 10 of 139

- 21. DEED AND TITLE: Upon payment of the purchase price, a deed for the Property containing covenants of special warranty and further assurances (except in the case of transfer by personal representative of an estate), shall be executed by Seller and shall convey the Property to Buyer. Title to the Property, including all chattels included in the purchase, shall be good and merchantable, free of liens and encumbrances except as specified herein; except for use and occupancy restrictions of public record which are generally applicable to properties in the immediate neighborhood or the subdivision in which the Property is located and publicly recorded easements for public utilities and any other easements which may be observed by an inspection of the Property. Buyer expressly assumes the risk that restrictive covenants, zoning laws or other recorded documents may restrict or prohibit the use of the Property for the purpose(s) intended by Buyer. In the event Seller is unable to give good and merchantable title or such as can be insured by a Maryland licensed title insurer, with Buyer paying not more than the standard rate as filed with the Maryland Insurance Commissioner, Seller, at Seller's expense, shall have the option of curing any defect so as to enable Seller to give good and merchantable title or, if Buyer is willing to accept title without said defect being cured, paying any special premium on behalf of Buyer to obtain title insurance on the Property to the benefit of Buyer. In the event Seller elects to cure any defects in title, this Contract shall continue to remain in full force and effect; and the date of settlement shall be extended for a period not to exceed fourteen (14) additional days. If Seller is unable to cure such title defect(s) and is unable to obtain a policy of title insurance on the Property to the benefit of Buyer from a Maryland licensed title insurer, Buyer shall have the option of taking such title as Seller can give, or terminating this Contract and being reimbursed by Seller for cost of searching title as may have been incurred not to exceed 1/2 of 1% of the purchase price. In the latter event, there shall be no further liability or obligation on either of the parties hereto; and this Contract shall become null and void; and all Deposit(s) shall be disbursed in accordance with the Deposit paragraph of this Contract. In no event shall Broker(s) or their agent(s) have any liability for any defect in Seller's title.
- 22. CONDITION OF PROPERTY AND POSSESSION: At settlement, Seller shall deliver possession of the Property and shall deliver the Property vacant, clear of trash and debris, broom clean and in substantially the same condition as existed on the Date of Contract Acceptance. Buyer reserves the right to inspect the Property within five (5) days prior to settlement. EXCEPT AS OTHERWISE SPECIFIED IN THIS CONTRACT, INCLUDING THIS PARAGRAPH, THE PROPERTY IS SOLD "AS IS." The obligations of Seller as provided in this paragraph shall be in addition to any Disclosure and Disclaimer Statement as required by Section 10-702, Real Property Article, Annotated Code of Maryland and any provision of any inspection contingency addendum made a part of this Contract (See Property Inspections Notice).
- 23. ADJUSTMENTS: Ground rent, homeowner's association fees, rent and water rent shall be adjusted and apportioned as of date of settlement; and all taxes, general or special, and all other public or governmental charges or assessments against the Property which are or may be payable on a periodic basis, including Metropolitan District Sanitary Commission, Washington Suburban Sanitary Commission, or other benefit charges, assessments, liens or encumbrances for sewer, water, drainage, paving, or other public improvements completed or commenced on or prior to the date hereof, or subsequent thereto, are to be adjusted and apportioned as of the date of settlement and are to be assumed and paid thereafter by Buyer, whether assessments have been levied or not as of date of settlement if applicable by local law. Any heating or cooking fuels remaining in supply tank(s) at time of settlement shall become the property of Buyer.
- **24. SETTLEMENT COSTS:** Buyer agrees to pay all settlement costs and charges including, but not limited to, all Lender's fees in connection herewith, including title examination and title insurance fees, loan insurance premiums, all document preparation and recording fees, notary fees, survey fees where required, and all recording charges, except those incident to clearing existing encumbrances or title defects, except if Buyer is a Veteran obtaining VA financing, those prohibited to be paid by a Veteran obtaining VA financing, which prohibited charges shall be paid by Seller. Buyer Broker flat fee cannot be charged to Buyer nor to Seller per VA Reg. Part 38 CFR 36.4313(b).

25. TRANSFER CHARGES:

Buy

- **A. IN GENERAL.** Section 14-104(b) of the Real Property Article, Annotated Code of Maryland provides that, unless otherwise negotiated in the contract or provided by State or local law, the cost of any recordation tax or any State or local Transfer Tax shall be shared equally between the Buyer and Seller.
- **B. FIRST-TIME BUYER.** Under Section 14-104(c) of the Real Property Article, the entire amount of recordation and local transfer tax shall be paid by the Seller of property that is sold to a first-time Maryland homebuyer, unless there is an express agreement that the recordation tax or any state or local transfer tax will not be paid entirely by the Seller.
- RECORDATION AND LOCAL TRANSFER TAX. If the Buyer is a first-time Maryland homebuyer, Buyer and Seller <u>expressly</u> <u>agree</u>, in accordance with Section 14-104(c) of the Real Property Article, Annotated Code of Maryland, that payment of recordation tax and local transfer tax shall be shared equally between the Buyer and Seller unless a "First-time Maryland Homebuyer Transfer and Recordation Tax Addendum" is attached, which contains a different express agreement.
- STATE TRANSFER TAX: Under Section 13-203(b) of the Tax-Property Article, Annotated Code of Maryland, the amount of state transfer tax due on the sale of property to a first-time Maryland homebuyer is reduced from 0.50% to 0.25% and shall be paid entirely by the Seller. Buyer is hereby notified that to ensure receipt of the above reduction, Buyer should so indicate on Page 10 of this Contract and complete the required affidavit at settlement indicating that the Buyer is a first-time Maryland homebuyer.
- **26. BROKER LIABILITY:** Brokers, their agents, subagents and employees do not assume any responsibility for the condition of the Property or for the performance of this Contract by any or all parties hereto. By signing this Contract, Buyer and Seller acknowledge that they have not relied on any representations made by Brokers, or any agents, subagents or employees of Brokers, except those representations made by Brokers.

Buy

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 11 of 139

- 27. BROKER'S FEE: All parties irrevocably instruct the settlement officer to collect the fee or compensation and disburse same according to the terms and conditions provided in the listing agreement and/or agency representation agreement. Settlement shall not be a condition precedent to payment of compensation.
- 28. SELLER RESPONSIBILITY: Seller agrees to keep existing mortgages free of default until settlement. All violation notices or requirements noted or issued by any governmental authority (including without limitation, any permit violation notices), or actions in any court on account thereof, against or affecting the Property at the date of settlement of this Contract, shall be complied with by Seller and the Property conveyed free thereof. The Property is to be held at the risk of Seller until legal title has passed or possession has been given to Buyer. If, prior to the time legal title has passed or possession has been given to Buyer, whichever shall occur first, all or a substantial part of the Property is destroyed or damaged, without fault of Buyer, then this Contract, at the option of Buyer, upon written notice to Seller, shall be null and void and no further effect, and the deposits shall be disbursed in accordance with the Deposit paragraph of this Contract.
- 29. BUYER RESPONSIBILITY: If Buyer has misrepresented Buyer's financial ability to consummate the purchase of the Property, or if this Contract is contingent upon Buyer securing a written commitment for financing and Buyer fails to apply for such financing within the time period herein specified, or fails to pursue financing diligently and in good faith, or if Buyer makes any misrepresentations in any document relating to financing, or takes (or fails to take) any action which causes Buyer's disqualification for financing, then Buyer shall be in default; and Seller may elect by written notice to Buyer, to terminate this Contract and/or pursue the remedies set forth under the Default paragraph of this Contract.
- **30. HOMEOWNER'S ASSOCIATION:** The Property is not part of a development subject to the imposition of mandatory fees as defined by the Maryland Homeowner's Association Act, unless acknowledged by attached addendum.
- **31. GROUND RENT:** If the Property is subject to ground rent and the ground rent is not timely paid, the ground lease holder(i.e., the person to whom the ground rent is payable) may bring an action under Section 8-402.3 of the Real Property Article, Annotated Code of Maryland. As a result of this action, a lien may be placed upon the property. If the Property is subject to ground rent, Sections 14-116 and 14-116.1 of the Real Property Article provide the purchaser, upon obtaining ownership of the Property, with certain rights and responsibilities relative to the ground rent. (If the Property is subject to ground rent: See Property Subject to Ground Rent Addendum.)
- **32. SALE/SETTLEMENT OR LEASE OF OTHER REAL ESTATE:** Neither this Contract nor the granting of Buyer's loan referred to herein is to be conditioned or contingent in any manner upon the sale, settlement and/or lease of any other real estate unless a contingency for the sale, settlement and/or lease of other real estate is contained in an addendum to this Contract. Unless this Contract is expressly contingent upon the sale, settlement and/or lease of any other real estate, Buyer shall neither apply for nor accept a financing loan commitment which is contingent upon or requires as a pre-condition to funding that any other real estate be sold, settled and/or leased.
- **33. LEASES:** Seller may neither negotiate new leases nor renew existing leases for the Property which extend beyond settlement or possession date without Buyer's written consent.
- 34. DEFAULT: Buyer and Seller are required and agree to make full settlement in accordance with the terms of this Contract and acknowledge that failure to do so constitutes a breach hereof. If Buyer fails to make full settlement or is in default due to Buyer's failure to comply with the terms, covenants and conditions of this Contract, the initial Deposit and additional Deposits (the "Deposit") may be retained by Seller as long as a Release of Deposit Agreement is signed and executed by all parties, expressing that said Deposit may be retained by Seller. In the event the parties do not agree to execute a Release of Deposit Agreement, Buyer and Seller shall have all legal and equitable remedies. If Seller fails to make full settlement or is in default due to Seller's failure to comply with the terms. covenants and conditions of this Contract, Buyer shall be entitled to pursue such rights and remedies as may be available, at law or in equity, including, without limitation, an action for specific performance of this Contract and/or monetary damages. In the event of any litigation or dispute between Buyer and Seller concerning the release of the Deposit, Broker's sole responsibility may be met, at Broker's option, by paying the Deposit into the court in which such litigation is pending, or by paying the Deposit into the court of proper jurisdiction by an action of interpleader. Buyer and Seller agree that, upon Broker's payment of the Deposit into the court, neither Buyer nor Seller shall have any further right, claim, demand or action against Broker regarding the release of the Deposit; and Buyer and Seller, jointly and severally, shall indemnify and hold Broker harmless from any and all such rights, claims, demands or actions. In the event of such dispute and election by Broker to file an action of interpleader as herein provided, Buyer and Seller further agree and hereby expressly and irrevocably authorize Broker to deduct from the Deposit all costs incurred by Broker in the filing and maintenance of such action of interpleader including but not limited to filing fees, court costs, service of process fees and attorneys' fees, provided that the amount deducted shall not exceed the lesser of \$500 or the amount of the Deposit held by Broker. All such fees and costs authorized herein to be deducted may be deducted by Broker from the Deposit prior to paying the balance of the Deposit to the court. Buyer and Seller further agree and expressly declare that all such fees and costs so deducted shall be the exclusive property of Broker. If the amount deducted by Broker is less than the total of all of the costs incurred by Broker in filing and maintaining the interpleader action, then Buyer and Seller jointly, and severally, agree to reimburse Broker for all such excess ne conclusion of the interpleader action. COS

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 12 of 139

35. MEDIATION OF DISPUTES: Mediation is a process by which the parties attempt to resolve a dispute or claim with the assistance of a neutral mediator who is authorized to facilitate the resolution of the dispute. The mediator has no authority to make an award, to impose a resolution of the dispute or claim upon the parties or to require the parties to continue mediation if the parties do not desire to do so. Buyer and Seller agree that any dispute or claim arising out of or from this Contract or the transaction which is the subject of this Contract shall be mediated through the Maryland REALTORS®, Inc. or its member local boards/associations in accordance with the established Mediation Rules and Guidelines of Maryland REALTORS® or through such other mediator or mediation service as mutually agreed upon by Buyer and Seller, in writing. Unless otherwise agreed in writing by the parties, mediation fees, costs and expenses shall be divided and paid equally by the parties to the mediation. If either party elects to have an attorney present that party shall pay his or her own attorney's fees.

Buyer and Seller further agree that the obligation of Buyer and Seller to mediate as herein provided shall apply to all disputes or claims arising whether prior to, during, or within one (1) year following the actual contract settlement date or when settlement should have occurred. Buyer and Seller agree that neither party shall commence any action in any court regarding

a dispute or claim arising out of or from this Contract or the transaction which is the subject of this Contract, without first mediating the dispute or claim, unless the right to pursue such action or the ability to protect an interest or pursue a remedy as provided in this Contract, would be precluded by the delay of the mediation. In the event the right to pursue such action, or the ability to protect an interest or pursue a remedy would be precluded by the delay, Buyer or Seller may commence the action only if the initial pleading or document commencing such action is accompanied by a request to stay the proceeding pending the conclusion of the mediation. If a party initiates or commences an action in violation of this provision, the party agrees to pay all costs and expenses, including reasonable attorneys' fees, incurred by the other party to enforce the obligation as provided herein. The provisions of this paragraph shall survive closing and shall not be deemed to have been extinguished by merger with the deed.

36. ATTORNEY'S FEES: In any action or proceeding between Buyer and Seller based, in whole or in part, upon the performance or non-performance of the terms and conditions of this Contract, including, but not limited to, breach of contract, negligence, misrepresentation or fraud, the prevailing party in such action or proceeding shall be entitled to receive reasonable attorney's fees from the other party as determined by the court or arbitrator. In any action or proceeding between Buyer and Seller and/or between Buyer and Broker(s) and/or Seller and Broker(s) resulting in Broker(s) being made a party to such action or proceeding, including, but not limited to, any litigation, arbitration, or complaint and claim before the Maryland Real Estate Commission, whether as defendant, cross-defendant, third-party defendant or respondent, Buyer and Seller jointly and severally, agree to indemnify and hold Broker(s) harmless from and against any and all liability, loss, cost, damages or expenses (including filing fees, court costs, service of process fees, transcript fees and attorneys' fees) incurred by Broker(s) in such action or proceeding, providing that such action or proceeding does not result in a judgment against Broker(s).

As used in this Contract, the term "Broker(s)" shall mean: (a) the two (2) Brokers as identified on Page 11 of this Contract; (b) the two (2) named Sales Associates identified on Page 11 of the Contract; and (c) any agent, subagent, salesperson, independent contractor and/or employees of Broker(s). The term "Broker(s)" shall also mean, in the singular, any or either of the named Broker(s) and/or Sales Associate(s) as identified or, in the plural, both of the named Brokers and/or Sales Associates as identified.

This Paragraph shall apply to any and all such action(s) or proceeding(s) against Broker(s) including those action(s) or proceeding(s) based, in whole or in part, upon any alleged act(s) or omission(s) by Broker(s), including, but not limited to, any alleged act of misrepresentation, fraud, non-disclosure, negligence, violation of any statutory or common law duty, or breach of fiduciary duty by Broker(s). The provisions of this Paragraph shall survive closing and shall not be deemed to have been extinguished by merger with the deed.

- 37. NOTICE OF BUYER'S RIGHT TO SELECT SETTLEMENT SERVICE PROVIDERS: Buyer has the right to select Buyer's own title insurance company, title lawyer, settlement company, escrow company, mortgage lender or financial institution as defined in the Financial Institutions Article, Annotated Code of Maryland. Buyer acknowledges that Seller may not be prohibited from offering owner financing as a condition of settlement.
- **38. PROPERTY OWNER'S TITLE INSURANCE:** Buyer, at Buyer's expense, may purchase owner's title insurance at either "standard" or "enhanced" coverage and rates. The coverage afforded by such title insurance would be governed by the terms and conditions thereof, and the premium for obtaining such title insurance coverage would be determined by the extent of its coverage. For purposes of owner's title insurance policy premium rate disclosures by Buyer's lender, Buyer and Seller agree that enhanced rates (if available) shall be quoted by Buyer's lender. Buyer understands that nothing herein obligates Buyer to obtain any owner's title insurance coverage at any time, including at settlement, and that the availability of owner's title insurance coverage is subject to the underwriting criteria of the title insurer.
- **39. AUTHORIZATION TO PROVIDE TILA-RESPA INTEGRATED DISCLOSURES:** Buyer and Seller hereby authorize the lender, title company, escrow agent, and/or their representatives to disclose and provide copies of the closing disclosure(s)

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 13 of 139

and/or other settlement statement to the real estate licensees involved in the transaction at the time these documents are provided to Buyer and Seller.

- **40. LIMITED WARRANTY:** NOTICE TO BUYER: IF A WARRANTY PLAN IS BEING OFFERED WITH THE PURCHASE OF THE PROPERTY, IT MAY BE A LIMITED WARRANTY. SINCE SUCH WARRANTY PLANS DO NOT COVER STRUCTURAL DEFECTS AND MAY NOT COVER PRE-EXISTING DEFECTS, BUYER SHOULD REQUEST THE REAL ESTATE AGENT TO PROVIDE BUYER WITH ANY BROCHURE WHICH DESCRIBES THE PLAN IN ORDER TO DETERMINE THE EXTENT OF COVERAGE PROVIDED BY THE WARRANTY.
- **41. PROPERTY INSURANCE BROCHURE:** An informational brochure published by the Maryland REALTORS® titled "The New Reality of Property Insurance What You Should Know" is available to explain current issues relative to obtaining insurance coverage for the Property to be purchased and may be obtained on Maryland REALTORS® website.

42. FLOOD DISCLOSURE NOTICE:

- A. FLOOD INSURANCE PREMIUMS: The Property or part of the Property may be located in an area established by the government as a "flood plain" or otherwise in an area where flood insurance could be required by Buyer's mortgage lender as a condition of granting a mortgage. In addition, construction on the Property could be prohibited or restricted. The National Flood Insurance Program ("NFIP") provides for the availability of flood insurance but also establishes flood insurance policy premiums based on the risk of flooding in the area where properties are located. Due to amendments to federal law governing the NFIP those premiums are increasing, and in some cases will rise by a substantial amount over the premiums previously charged for flood insurance. As a result, Buyer should not rely on the premiums paid for flood insurance on the Property as an indication of the premiums that will apply after Buyer completes the purchase. In considering the purchase of this Property, Buyer should consult with one or more carriers of flood insurance for better understanding of flood insurance coverage, the premiums that are likely to be required to purchase such insurance and any available information about how those premiums may increase in the future. The only requirement for purchasing flood insurance from the NFIP is that you live in a community that participates (via floodplain regulations) in the NFIP. The same requirement applies to the mandatory purchase of flood insurance. Detailed information regarding flood insurance coverage may be obtained at: http://www.fema.gov/national-flood-insurance-program.
- **B. FLOOD INSURANCE RATE MAPS:** The State of Maryland in conjunction with the Federal Emergency Management Agency has been systematically updating flood insurance rate maps. The Property may be affected. Buyer is advised tocontact the Maryland Department of the Environment and consult a flood insurance carrier to inquire about the status of the Property. Detailed information regarding updated maps may be obtained at: https://www.mdfloodmaps.net.
- **43. GUARANTY FUND:** NOTICE TO BUYER: BUYER IS PROTECTED BY THE REAL ESTATE GUARANTY FUND OF THE MARYLAND REAL ESTATE COMMISSION, UNDER SECTION 17-404 OF THE BUSINESS OCCUPATIONS AND PROFESSIONS ARTICLE OF THE ANNOTATED CODE OF MARYLAND, FOR LOSSES IN AN AMOUNT NOT EXCEEDING \$50,000 FOR ANY CLAIM.
- 44. SINGLE FAMILY RESIDENTIAL REAL PROPERTY DISCLOSURE NOTICE: Buyer is advised of the right to receive a "Disclosure and Disclaimer Statement" from Seller (Section 10-702 Real Property Article, Annotated Code of Maryland).
- **45. MARYLAND NON-RESIDENT SELLER:** If the Property is not the Seller's principal residence and the Seller is a non-resident individual of the State of Maryland or is a non-resident entity which is not formed under the laws of the State of Maryland or qualified to do business in the State of Maryland, a withholding tax from the proceeds of sale may be withheld at the time of settlement except as otherwise provided by Maryland law. (See Maryland Non-Resident Seller Transfer Withholding Tax Addendum.)
- **46. INTERNAL REVENUE SERVICE FILING:** Buyer and Seller each agree to cooperate with the settlement officer by providing all necessary information so that a report can be filed with the Internal Revenue Service, as required by Section 6045 of the IRS Code. To the extent permitted by law, any fees incurred as a result of such filing will be paid by the Seller.
- 47. NOTICE TO BUYER CONCERNING THE CHESAPEAKE AND ATLANTIC COASTAL BAYS CRITICAL AREA: Buyer is advised that all or a portion of the property may be located in the "Critical Area" of the Chesapeake and Atlantic Coastal Bays, and that additional zoning, land use, and resource protection regulations apply in this area. The "Critical Area" generally consists of all land and water areas within 1,000 feet beyond the landward boundaries of state or private wetlands, the Chesapeake Bay, the Atlantic Coastal Bays, and all of their tidal tributaries. The "Critical Area" also includes the waters of and lands under the Chesapeake Bay, the Atlantic Coastal Bays and all of their tidal tributaries to the head of tide. For information as to whether the property is located within the Critical Area, Buyer may contact the local Department of Planning and Zoning, which maintains maps showing the extent of the Critical Area in the jurisdiction. Allegany, Carroll, Frederick, Garrett, Howard, Montgomery and Washington Counties do not include land located in the Critical Area.

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 14 of 139

- 48. WETLANDS NOTICE: Buyer is advised that if the Property being purchased contains waters of the United States, or if the Property contains land and/or waters regulated by the State, including, but not limited to, wetlands, approval from the U.S. Army Corps of Engineers (Corps) and/or the Maryland Department of the Environment (MDE) will be necessary before starting any work, including construction, if the work includes the discharge of dredged or fill material into a regulated area, or certain other activities conducted in a regulated area. The Corps has adopted a broad definition of waters of the United States, which occur throughout the Chesapeake Bay Region, as well as other portions of the State. The land and waters regulated by the State include tidal wetlands, nontidal wetlands and their buffers, and streams and their 100-year nontidal floodplain. For information as to whether the Property includes waters of the United States or land and/or waters regulated by the State, Buyer may contact the Baltimore District of the Corps and/or MDE. Buyer may also elect, at Buyer's expense, to engage the services of a qualified specialist to inspect the Property for the presence of Corps-or MDE-regulated areas, including wetlands, prior to submitting a written offer to purchase the Property; or Buyer may include in Buyer's written offer a clause making Buyer's purchase of the Property contingent upon a satisfactory wetlands inspection.
- 49. FOREST CONSERVATION ACT NOTICE: If the Property is a tract of land 40,000 square feet or more in size, Buyer is notified that, unless exempted by applicable law, as a prerequisite to any subdivision plan or grading or sediment control permit for the Property, Buyer will be required to comply with the provisions of the Maryland Forest Conservation Act imposed by Section 5-1601, et seq. of the Natural Resources Article, Annotated Code of Maryland, including, among other things, the submission and acceptance of a Forest Stand Delineation and a Forest Conservation Plan for the Property in accordance with applicable laws and regulations. Unless otherwise expressly set forth in an addendum to this Contract, Seller represents and warrants that the Property is not currently subject to a Forest Conservation Plan, Management Agreement or any other pending obligation binding the owner of the Property under said Act; further, Seller represents and warrants that no activities have been undertaken on the Property by Seller in violation of the Forest Conservation Act.
- 50. NOTICE CONCERNING CONSERVATION EASEMENTS: If the Property is encumbered by a Conservation Easement as defined in Section 10-705 of the Real Property Article, Annotated Code of Maryland, the contract must contain a notice concerning the easement, which is contained in an attached addendum. This Paragraph does not apply to the sale of property in an action to foreclose a mortgage or deed of trust. (If the Property is encumbered by a Conservation Easement: See Conservation Easement Addendum.)
- 51. FOREIGN INVESTMENT TAXES-FIRPTA: Section 1445 of the United States Internal Revenue Code of 1986 provides that a Buyer of residential real property located in the United States must withhold federal income taxes from the payment of the purchase price if (a) the purchase price exceeds Three Hundred Thousand Dollars (\$300,000.00) and (b) the seller is a foreign person. Unless otherwise stated in an addendum attached hereto, if the purchase price is in excess of Three Hundred Thousand Dollars (\$300,000.00), Seller represents that Seller is not a non-resident alien, foreign corporation, foreign partnership, foreign trust or foreign estate (as those terms are defined by the Internal Revenue Code and applicable regulations) and agrees to execute an affidavit to this effect at the time of settlement.
- 52. CRIMINAL ACTIVITY AND SEXUAL OFFENDERS: Buyer may contact the state, county or municipal police departments in which the Property is located or check the "Sex Offender Registry" at the Maryland Department of Public Safety and Correctional Services website in order to ascertain criminal activity in the vicinity of the Property or the presence of registered sexual offenders who live or work within the vicinity of the Property. Buyer acknowledges that Buyer is solely responsible to inquire of such matters before signing this Contract. Buyer shall have no right to cancel this Contract based upon criminal activity or the presence of registered sexual offenders in the vicinity of the Property. Buyer further acknowledges that no real estate licensee involved in the sale or purchase of the Property, whether acting as the agent for Seller or Buyer, has any duty nor assumes any duty or responsibility to ascertain criminal activity or the presence of registered sexual offenders in the vicinity of the Property.
- 53. MILITARY INSTALLATIONS: This Section does not apply in Allegany, Carroll, Frederick, Garrett, Howard, Montgomery, and Washington Counties. Buyer is advised that the Property may be located near a military installation that conducts flight operations, munitions testing, or military operations that may result in high noise levels.

54. NOTICE TO THE PARTIES:

- (A) NO REPRESENTATIONS: Brokers, their agents, subagents and employees, make no representations with respect to:
 - (1) Water quantity, quality, color, or taste or operating conditions of public and/or private water systems;
 - (2) Location, size or operating condition of on-site sewage disposal systems;
- (3) The extensions of public utilities by local municipal authorities, existence or availability of public utilities, and any assessments, fees or costs for public utilities which might be imposed by local municipal authorities or private entities, should public utilities be extended or available to the subject Property. (Buyer should consult the Department of Public Works to determine the availability of proposed future extensions of utilities.);
- (4) Lot size, exact location. If the subject Property is part of a recorded subdivision, Buyer can review the plat upon request at the Record Office. If the subject Property is not part of a recorded subdivision, Buyer may verify exact size and location through a survey by a licensed engineer or land surveyor, at Buyer's expense;

Seller

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 15 of 139

- (5) Existing zoning or permitted uses of the Property, including, without limitation, whether any improvements to the Property required permit(s) and, if so, whether such improvements, were completed pursuant to permit(s) issued and/or whether any permit(s) issued were complied with. Buyer should contact the appropriate local government agency and/or a licensed engineer to verify zoning, permit issuance/status, and permitted uses;
- (6) Whether properly licensed contractors have been used to make repairs, renovations and improvements to the Property.
- (B) NO ADVISING: Brokers/agents are not advising the parties as to certain other issues, including without limitation: soil conditions; flood hazard areas; possible restrictions of the use of property due to restrictive covenants, subdivision, environmental laws, easements or other documents; airport or aircraft noise; planned land use, roads or highways; and construction materials and/or hazardous materials, including without limitation flame retardant treated plywood (FRT), radon, radium, mold spores, urea formaldehyde foam insulation (UFFI), synthetic stucco (EIFS), asbestos, polybutylene piping and lead-based paint. Information relating to these issues may be available from appropriate governmental authorities. This disclosure is not intended to provide an inspection contingency.
- (C) COMPENSATION OF VENDORS: Buyer and Seller each assume full responsibility for selecting and compensating their respective vendors.
- (D) PROTECTION OF HOMEOWNERS IN FORECLOSURE ACT NOTICE: BUYER AND SELLER ACKNOWLEDGE THAT, UNDER SECTION 7-310 OF THE REAL PROPERTY ARTICLE OF THE ANNOTATED CODE OF MARYLAND, IF THE MORTGAGE ON THE PROPERTY IS AT LEAST 60 DAYS IN DEFAULT ON THE DATE OF CONTRACT ACCEPTANCE, SELLER HAS THE RIGHT TO RESCIND THE CONTRACT WITHIN 5 DAYS AFTER THE DATE OF CONTRACT ACCEPTANCE. ANY PROVISION IN THIS CONTRACT OR OTHER AGREEMENT THAT ATTEMPTS OR PURPORTS TO WAIVE ANY OF THE SELLER'S RIGHTS UNDER SECTION 7-310 IS VOID.
- **55. PROPERTY TAX NOTICE 60 DAY APPEAL:** If any real property is transferred after January 1 and before the beginning of the next taxable year to a new owner, the new owner may submit a written appeal as to a value or classification on or before 60 days after the date of the transfer.
- **56. NON-ASSIGNABILITY:** This Contract may not be assigned without the written consent of Buyer and Seller. If Buyer and Seller agree in writing to an assignment of this Contract, the original parties to this Contract remain obligated hereunder until settlement.
- **57. PARAGRAPH HEADINGS:** The Paragraph headings of this Contract are for convenience and reference only, and in no way define or limit the intent, rights or obligations of the parties.
- **58. COMPUTATION OF DAYS:** As used in this Contract, and in any addendum or addenda to this Contract, the term "days" shall mean consecutive calendar days, including Saturdays, Sundays, and holidays, whether federal, state, local or religious. A day shall be measured from 12:00:00 a.m. to and including 11:59:59 p.m. in the Eastern Time Zone. For the purposes of calculating days, the count of "days" shall begin on the day following the day upon which any act or notice as provided in this Contract, or any addendum or addenda to this Contract, was required to be performed or made.
- **59. ENTIRE AGREEMENT:** This Contract and any addenda thereto contain the final and entire agreement between the parties, and neither they nor their agents shall be bound by any terms, conditions, statements, warranties or representations, oral or written, not herein contained. The parties to this Contract mutually agree that it is binding upon them, their heirs, executors, administrators, personal representatives, successors and, if permitted as herein provided, assigns. Once signed, the terms of this Contract can only be changed by a document executed by all parties. This Contract shall be interpreted and construed in accordance with the laws of the State of Maryland. It is further agreed that this Contract may be executed in counterparts, each of which when considered together shall constitute the original Contract.

60. ELECTRONIC DELIVERY: The parties agree that this Contract offer shall be deemed validly executed and delivered by a party if a party executes this Contract and delivers a copy of the executed Contract to the other party by facsimile transmittal, or delivers a digital image of the executed document by electronic transmittal.

AS IS ADDENDUM

ADDENDUM dated	August 26, 2020	to Contract of Sale
between Buyer	Jerome E. Mychalowych	
and Seller	Gregory S. Milligan, Receiver	
for Property known as	1848 CIRCLE RD. TOWSON, MD 21204	

The following provisions are included in and supersede any conflicting language in the Contract.

The Property is sold in "AS IS" condition as of the Date of Contract Acceptance. Seller makes no warranty, express or implied, as to the condition of the Property or any equipment or system contained therein. Seller agrees to comply with Section 10-702 of the Real Property Article of the Annotated Code of Maryland if applicable (Residential Property Disclosure and Disclaimer). The parties agree that all paragraphs in the Contract pertaining to property condition (Paragraph 22) and wood destroying insects (Paragraph 19) are hereby deleted from the Contract except that Buyer retains the right to walk through the Property within five (5) days prior to settlement.

Buyer and Seller agree to initial only one of the following:

A. "AS IS" WITHOUT INSPECTION(S)

The Property is sold in "AS IS" condition as of the Date of Contract Acceptance without any inspection(s) or contingencies regarding the condition of the Property.

B. "AS IS" WITH INSPECTION(S) AND RIGHT TO TERMINATE

The Property is sold in "AS IS" condition as of the Date of Contract Acceptance. Buyer, at Buyer's expense, may have the Property inspected. In the event Buyer is dissatisfied with the results of any inspection(s), Buyer, upon written notice to Seller given within 10 from the Date of Contract Acceptance, shall have the unconditional right to terminate the Contract. If Buyer elects to terminate the Contract, the Contract shall become null and void, and Deposit(s) shall be disbursed in accordance with the Deposit paragraph of the Contract. If Buyer fails to have inspection(s) performed or fails to submit written notice of termination within the time period specified, Buyer shall have no right thereafter to terminate the Contract and the Contract shall remain in full force and effect.

Seller shall make the Property accessible for such inspection(s) and shall have utilities in service at the time of the inspection. Neither Buyer, nor any agent or contractor(s) of Buyer, shall in any way excavate, penetrate or otherwise damage any part of the Property without the prior written consent of Seller nor shall any furnishings, boxes, or personal property belonging to Seller be moved or relocated unless absolutely necessary in connection with the inspection(s). If the Property is part of a condominium, Buyer will be given access to the common areas to perform the inspection(s). Buyer and Seller shall have the right to be present during the inspection(s), and Buyer shall give Seller reasonable advance notice of the date and time of any inspection(s).

If Buyer or Buyer's agents or contractors damage the Property during any inspection(s), Buyer shall be responsible for all costs incurred in correcting such damage. Buyer's responsibility for all costs incurred in correcting any damage shall survive termination of the Contract.

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 19 of 139 CAUTION — Your Action is Required Soon

US Department of Housing and Urban Development Federal Housing Administration (FHA)

OMB Approval No: 2502-0538 (exp. 06/30/2021)

For Your Protection: Get a Home Inspection

You must make a choice on getting a Home Inspection. It is not done automatically

You have the right to examine carefully your potential new home with a professional home inspector. But a home inspection is not required by law, and will occur only if you ask for one and make the arrangements. You may schedule the inspection for before or after signing your contract. You may be able to negotiate with the seller to make the contract contingent on the results of the inspection. For this reason, it is usually in your best interest to conduct your home inspection as soon as possible if you want one. In a home inspection, a professional home inspector takes an in-depth, unbiased look at your potential new home to:

- ✓ Evaluate the physical condition: structure, construction, and mechanical systems;
- √ Identify items that need to be repaired and
- ✓ Estimate the remaining useful life of the major systems, equipment, structure, and finishes.

The Appraisal is NOT a Home Inspection and does not replace an inspection.

An appraisal estimates the market value of the home to protect the lender. An appraisal does not examine or evaluate the condition of the home to protect the homebuyer. An appraisal only makes sure that that the home meets FHA and/or your lender's minimum property standards. A home inspection provides much more detail.

FHA and Lenders may not Guarantee the Condition of your Potential New Home

If you find problems with your new home after closing, neither FHA nor your lender may give or lend you money for repairs. Additionally, neither FHA nor your lender may buy the home back from you. Ask a qualified home inspector to inspect your potential new home and give you the information you need to make a wise decision.

Your Home Inspector may test for Radon, Health/Safety, and Energy Efficiency

EPA, HUD and DOE recommend that houses be tested and inspected for radon, health and safety, and energy efficiency, respectively. Specific tests are available to you. You may ask about tests with your home inspector, in addition to the structural and mechanical systems inspection. For more information: Radon - call 1-800-SOS-Radon; Health and Safety - see the HUD Healthy Homes Program at www.HUD.gov; Energy Efficiency — see the DOE EnergyStar Program at www.energystar.gov.

Selecting a Trained Professional Home Inspector

Seek referrals from friends, neighbors, other buyers, realtors, as well as local listings from licensing authorities and local advertisements. In addition, consult the American Society of Home Inspectors (ASHI) on the web at: www.ashi.org or by telephone at: 1-800-743-2744.

I/X We(ched	ck one) have	read this document and underst	tand that if I/we wish to get a home insp	ection, it is best do so as soon a	38
possible. The appraisal is not a home inspection. I/we will make a voluntary choice whether to get a home inspection. A home inspection					
will be done only if I/we ask for one and schedule it. Your lender may not perform a home inspection and neither FHA nor your lender may

CONVENTIONAL FINANCING ADDENDUM

ADDENDUM dated	August 26, 2020		to Contract of Sale
between Buyer	Jerome E. M	ychalowych	
and Seller	Gregory S. Millig	an, Receiver	
for Property known as	1848 CIRCLE RD	TOWSON, MD 21204	
The Contract is contingent upon	Buyer obtaining a conventional loan	secured by the Property as fo	ollows:
1. LOAN DETAILS:			
Loan Amount	\$ <u>1,875,000.00</u>		
Term of Note	30	Years	
Amortization	30	Years	
Interest Rate	2.875	 %	
Loan Program	Interest Only		
Buyer agrees to pay Loa	an Origination/Discount Fees (as a %	of loan amount):	%

- 2. LOAN INSURANCE PREMIUMS: All loan insurance premiums as required by Lender shall be paid by Buyer.
- 3. LOCK IN: BY ACCEPTING A LOAN AGREEMENT WHEREBY THE INTEREST RATE AND LOAN DISCOUNT FEES ARE NOT BEING LOCKED IN, BUYER AGREES TO ACCEPT THE RATE AS CHARGED BY LENDER AT THE TIME OF LOCK-IN AND THE RESPONSIBILITY FOR ANY ADDITIONAL FEES CHARGED. BUYER SHALL REMAIN BOUND TO PERFORM UNDER THE CONTRACT, NOTWITHSTANDING ANY SUCH CHANGES IN THE RATE AND/OR FEES.
- 4. MONTHLY PAYMENT: Payments to Lender may include monthly principal and interest, plus one-twelfth of the annual real estate taxes, ground rent, special assessments or charges, if any, hazard (fire) insurance premium, flood insurance, and private mortgage insurance.
- 5. LOAN UNDERWRITING: Buyer and Seller understand that Lender may resubmit the loan to underwriting. To the extent such changes do not conflict with the conditions of the Contract, Buyer agrees to comply with Lender's request for additional or updated information as required to approve the loan.
- 6. LENDER REQUIRED REPAIRS: In the event Lender requires any repairs or improvements ("Required Repairs") be made to the Property. Seller agrees to perform the Required Repairs and pay the cost thereof at or prior to settlement. provided the total cost of the Required Repairs does not exceed \$ 2,500.00 , ("Repair Amount"). This cost shall be in addition to Seller's other obligations under the terms of the Contract. Should the cost of Required Repairs exceed the Repair Amount:
 - A. Seller may elect to pay the total cost of the Required Repairs, in which event the Contract shall remain in full force and effect.
 - B. Seller may terminate the Contract by written notice to Buyer, which must include a written estimate of the cost of the Required Repairs. Said written notice shall be provided to Buyer within five (5) days of Seller's receipt of written estimate(s).
 - C. The Contract shall remain in full force and effect if, within five (5) days of Buyer's receipt of Seller's notice of termination, Buyer elects, in writing, to pay the difference between the cost of the Required Repairs and the Repair Amount listed above.
 - D. If neither Buyer nor Seller elects to pay the excess cost of any Required Repairs, the Contract shall become null and void; and all Deposit(s) shall be disbursed in accordance with the Deposit paragraph of the Contract.
- 7. APPRAISAL CONTINGENCY: The Contract is contingent upon Buyer obtaining an appraisal of the Property. The

appraisal will be at Buyer's expense and will be perfo	U	'	0 11		51ty. 1110
If the appraised value of the Property is less Seller, in writing, of such fact within Two include a copy of the written appraisal. The written	(2) days fro	m receipt of the wi	itten appraisal	and shall

Contract of Sale between Buyer Jerome E. Mychalowych

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 22 of 139

ESCROW AGREEMENT BETWEEN BUYER, SELLER, AND ESCROW AGENT (THIS ESCROW AGREEMENT IS NOT PART OF THE CONTRACT OF SALE)

	d Seller Gregory S. Milligan, Receiver Property known as 1848 CIRCLE RD, TOWSON, MD 21204
101	Troperty known as 1040 ORGEE RD, TOWOON, MD 21204
1.	BUYER'S SELECTION OF ESCROW AGENT: Buyer selects Endeavor Title ("Escrow Agent") for the transaction. Escrow Agent is not a party to the Contract of Sale. Buyer and Seller agree that Escrow Agent assumes not duty or liability for the performance, non-performance or otherwise of Buyer's or Seller's obligations under the Contract of Sale.
2.	DEPOSIT DEFINED: "Deposit" as used herein means deposit, an additional deposit, or a down payment made by a Buyer that the Buyer entrusts to an Escrow Agent to hold for: the benefit of the owner or beneficial owner of the trust money; and a purpose that relates to the purchase or sale of residential real estate in the State of Maryland.
3.	RECEIPT OF DEPOSIT: Escrow Agent acknowledges receipt of the Deposit in the amount of Twenty-Five Thousand Dollars (\$ 25,000.00) on Date of Deposit Receipt as stated below Escrow Agent acknowledges receipt of Additional Deposit (if applicable) in the amount of Deposit as stated below Deposit as stated below

- 4. HANDLING OF DEPOSIT: Escrow Agent shall, within seven (7) business days of Date of Deposit Receipt, place the Deposit in Escrow Agent's Trust Account. Escrow Agent may not use the Deposit for any purpose other than that for which it is entrusted to Escrow Agent. Neither Buyer nor Seller shall receive interest on the Deposit. Escrow Agent may pool and commingle other trust funds with the Deposit as allowed by law.
- 5. **NOTIFICATION OF INSUFFICIENT FUNDS:** If the Deposit check is returned for insufficient funds or wire is dishonored, Escrow Agent shall notify Buyer and Seller, and their agents, in writing within five (5) business days from receipt of notice from the financial institution where the Deposit was placed.
- 6. MAINTENANCE AND DISPOSITION OF DEPOSIT: Escrow Agent agrees to maintain the Deposit in Escrow Agent's Trust Account until:
 - **A. SETTLEMENT:** The real estate transaction settles in which case the Deposit shall be applied to the Purchase Price at settlement. If Escrow Agent is not conducting settlement, Escrow Agent shall timely deliver Deposit to settlement agent;
 - **B. RELEASE OF DEPOSIT AGREEMENT:** Escrow Agent receives proper written instructions executed by both Buyer and Seller directing withdrawal or other disposition of the Deposit; **OR**
 - **C. INTERPLEADER:** Escrow Agent files an action for interpleader and delivers the Deposit to a court of competent jurisdiction in the State of Maryland.

7. DISPUTES:

- **A. MEDIATION:** Buyer and Seller acknowledge that if the Contract of Sale obligates the parties to mediate deposit disputes, Buyer and Seller agree to abide by the terms of the mediation provision in the Contract of Sale. If during mediation, Buyer and Seller execute a written agreement concerning the Deposit, Escrow Agent agrees to accept and abide by its terms. If Buyer and Seller execute Maryland REALTORS® Release of Deposit Agreement, Escrow Agent agrees to accept and abide by its terms.
- **B. HOLDING DISPUTED FUNDS:** Escrow Agent may, at its option, hold disputed funds until a Release of Deposit Agreement is executed by Buyer and Seller.
- C. ACTION FOR INTERPLEADER: In the event of any litigation or dispute between Buyer and Seller concerning the release of the Deposit, Escrow Agent's sole responsibility may be met, at Escrow Agent's option, by paying the Deposit into the court in which such litigation is pending, or by paying the Deposit into a court of proper jurisdiction by an action for interpleader. Buyer and Seller agree that, upon Escrow Agent's payment of the Deposit into the court, neither Buyer nor Seller shall have any further right, claim, demand or action against Escrow Agent regarding the release of the Deposit; and Buyer and Seller, jointly and severally, shall indemnify and hold Escrow Agent harmless from any and all such rights, claims, demands or actions. In the event of such dispute and election by Escrow Agent to file an action for interpleader as herein provided, Buyer and Seller further agree and hereby expressly and irrevocably authorize Escrow Agent to deduct from the Deposit all costs incurred by Escrow

Copyright 2019. All rights reserved.

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 23 of 139

Agent in the filing and maintenance of such action, including but not limited to, filing fees, court costs, service of process fees and attorneys' fees, provided that the amount deducted shall not exceed the lesser of \$1,000 (one thousand dollars) or the amount of the Deposit held by Escrow Agent. All such fees and costs authorized herein to be deducted maybe deducted by Escrow Agent from the Deposit prior to paying the balance of the Deposit to the court. Buyer and Seller further agree and expressly declare that all such fees and costs so deducted shall be the exclusive property of Escrow Agent. If the amount deducted by Escrow Agent is less than the total of all of the costs incurred by Escrow Agent in filing and maintaining the interpleader, then Buyer and Seller jointly, and severally, agree to reimburse Escrow Agent for all such excess costs upon the conclusion of the action.

- 8. ATTORNEY'S FEES AND COSTS: In any action or proceeding between Buyer and Seller and/or between Buyer and Escrow Agent and/or Seller and Escrow Agent resulting in Escrow Agent being made a party to such action or proceeding, including, but not limited to, any litigation, arbitration, or complaint and claim before a Maryland regulatory board, whether as defendant, cross-defendant, third-party defendant or respondent, Buyer and Seller jointly and severally, agree to indemnify and hold Escrow Agent harmless from and against any and all liability, loss, cost, damages or expenses (including filing fees, court costs, service of process fees, transcript fees and attorneys' fees) incurred by Escrow Agent in such action or proceeding, provided that such action or proceeding does not result in a judgment against Escrow Agent. This Paragraph shall apply to any and all such action(s) or proceeding(s) against Escrow Agent including those action(s) or proceeding(s) based, in whole or in part, upon any alleged act(s) or omission(s) by Escrow Agent, including, but not limited to, any alleged act of misrepresentation, fraud, non-disclosure, negligence, violation of any statutory or common law duty, or breach of fiduciary duty by Escrow Agent. The provisions of this Paragraph shall survive settlement and shall not be deemed to have been extinguished by merger with the deed. The term Escrow Agent as used in this paragraph shall include any agent, subagent, salesperson, independent contractor and/or employees of Escrow Agent.
- 9. ENTIRE AGREEMENT: This Escrow Agreement constitutes the entire agreement among the parties, and neither they nor their agents shall be bound by any terms, conditions, statements, warranties or representations, oral or written, not herein contained. The parties to this Escrow Agreement mutually agree that it is binding upon them, their heirs, executors, administrators, personal representatives, and successors. Once signed, the terms of this Escrow Agreement can only be changed by a document executed by all parties. To the extent that the terms of this Escrow Agreement and the terms of the Contract of Sale are different, inconsistent or contradict each other, this Escrow Agreement shall control. This Escrow Agreement shall be interpreted and construed in accordance with the laws of the State of Maryland.

GENERAL ADDENDUM TO CONTRACT OF SALE

FOR USE WITH THE MARYLAND ASSOCIATION OF REALTORS® RESIDENTIAL CONTRACT OF SALE FORM

Addendum Number	1	to Contract of Sale (the "Contract') dated	July 27, 2020	
Buyer(s): Jerome E. Mych	alowych			
Seller(s): Gregory S. Millig	gan, Receiver			
Property: 1848 CIRCLE R	D, TOWSON, M	D 21204		

- 1. LEGAL REQUIREMENT: A Contract for the sale of real property is required to be in writing to be enforceable under the laws of the State of Maryland. Once signed by the parties, the Contract becomes a legally binding agreement. The original terms of the Contract can only be altered thereafter with the agreement of the parties expressed in writing. All parties have the right to be represented by an attorney and are encouraged to seek competent advice if they do not understand any term(s) of the Contract. The broker/agent is required to promptly submit all written Contract offers to the Seller.
- 2. INTENDED USE: The use of a particular property may be limited or restricted as a result of zoning laws, local ordinances and/or restrictive covenants applicable to the property. The Contract of Sale form provided by the broker/agent is designed and intended for use only in the purchase and sale of single-family residences or unimproved residential property. If Buyer intends to use a property for any other purpose, the standard Contract of Sale form may not adequately serve to protect Buyer's interests without the addition of an appropriate clause or addendum conditioning the Contract offer upon a determination that Buyer's intended use of the Property will be permitted.
- 3. SETTLEMENT: All persons to be in title and/or responsible where a mortgage is to be created should be present at the time of settlement and may be required to provide proper identification. Prior to settlement, a lender normally requires that Buyer obtain and provide a fully paid homeowner's insurance policy, a termite inspection report, and various certifications which may be applicable to improved properties. Buyer should be prepared at the time of settlement to pay the settlement costs and the balance due under the Contract. Buyer must provide cash, wired funds, bank check or certified check for amounts to be paid at settlement. In some cases, Seller may be required to provide funds in excess of the sales proceeds in order for settlement to occur, in which event, Seller also should be prepared to make payment in an approved form. Any party uncertain of the amount required at settlement should make inquiry of the title company or settlement attorney prior to settlement. Buyer should establish gas, electric and water service in Buyer's name commencing the day of settlement.
- **4. GROUND RENT:** If a Property is subject to an existing ground rent as provided in a lease recorded among the Land Records, or if a ground rent is to be created, Seller will make those disclosures required by law by an appropriate additional clause or addendum to the Contract.
- **5. RENTAL:** If any portion of the Property is to be rented to tenants by Buyer, the local government may require that the Property be registered prior to any rental and a yearly registration fee may be assessed by the local government. You may call the appropriate government office for further information. If the Property is now or has been rented to tenants, local laws may give the tenants certain rights to purchase the Property. These rights are set forth in the Contract. Effective October 1, 1994, certain disclosures are required regarding the presence of lead paint in certain rental properties.
- **6. EQUAL HOUSING OPPORTUNITY:** A REALTOR® is required by federal, state and local law, and the Code of Ethics of the National Association of REALTORS® to treat all parties in a non-discriminatory manner without regard to race, color, creed, age, religion, national origin, sex, marital status, familial status, physical or mental disability, occupation, sexual orientation or preference, or other protected classifications under Fair Housing Laws.
- 7. HOMEOWNER ASSOCIATIONS/CONDOMINIUMS: If a Property is part of a development subject to the imposition of mandatory fees as defined by the Maryland Homeowners Association Act, and/or a condominium unit, Seller will make the required disclosures by an appropriate addendum to the Contract.
- **8. COVENANTS AND RESTRICTIONS AFFECTING PROPERTY:** A majority of homes, whether new or re-sale, located in a subdivision are subject to certain restrictions applicable to the use of the Property as well as the construction of certain improvements to the Property. Such restrictions are referred to as covenants and, in the case of Property subject to a Homeowners Association or Condominium Association, the covenants are contained in a Declaration of Covenants and Restrictions as well as the Bylaws of the Association. However, many properties are also subject to covenants even though the Property is not subject to a Homeowners Association or Condominium Association. Buyers are encouraged to inquire as to any covenants and restrictions which may be applicable to the Property which is being considered for purchase.
- **9. PRIVATE AGREEMENTS:** Some communities may be subject to agreements, covenants or restrictions relating to the cost of certain maintenance items, restricting the use of properties or dealing with other matters. For example, properties sharing a driveway are often subject to such agreements. These private agreements do not fall within the required disclosures of HOA or condominium laws and may or may not be recorded. Buyer should make inquiries of Seller prior to or at the time of Contract.

FORM 3815 Rev. 10/2012 PAGE 1 OF 3

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 26 of 139

- 10. WETLANDS, WATERWAYS AND/OR FLOOD PLAINS: Buyer is advised that, if all or a portion of the Property has wetlands and/or waterways or is located in a designated flood plain, the approval of the U.S. Army Corps of Engineers (the "Corps"), the Maryland Department of Natural Resources and other federal, state or local agencies may be necessary before a building permit for either new construction or expansion or improvement of the Property can be issued. Additionally, the future use of existing improved property may be restricted due to the presence of waterways, wetlands, and/or flood plains. Information as to wetlands, waterways and/or flood plains can be obtained from the District Office of the Corps at (410) 962-3670, the Maryland Department of Natural Resources at 1-877-620-8DNR (8367) or the Office of Planning and Zoning of the county or city in which the Property is situated. The Buyer expressly assumes the risk that the Property may be subject to restrictions due to the presence of waterways, wetland, and/or flood designations.
- 11. REFORESTATION: (Note: Applicable to property containing 40,000 or more square feet of land.) Buyer is hereby advised that if Buyer intends to apply for subdivision or site plan approval or a grading or sediment control permit upon the Property, applicable City or County law may require as a condition of such approval that Buyer submit plans acceptable to the City/County for establishing new tree cover, planting trees to replace forest which has been recently removed, and conserving the cutting and clearing of trees in accordance with applicable laws and regulations.
- 12. CHESAPEAKE BAY CRITICAL AREA: If all or a portion of a Property is located within 1,000 feet of tidal waters of the Chesapeake Bay, there may be restrictions on the use and/or development of the Property. Additional information regarding the Chesapeake Bay Critical Areas is available from the Critical Areas Program established by the local government of each county in Maryland and Baltimore City.
- 13. BWI AIRPORT NOTICE: Some properties may be located in the Baltimore/Washington International Airport Noise Zone. A Buyer desiring to obtain a copy of Noise Zone Maps may do so by calling the Office of Noise, Real Estate and Land Use Compatibility at 410-859-7375 or email maanoiseabatement@mdot.state.md.us. Information regarding the location of other airports and their operations may be obtained by calling the local zoning office for the area in which the Property is located.
- **14. INSURANCE:** Buyer acknowledges that, as a condition of making a mortgage loan, lenders may require proof of hazard insurance coverage and may also require flood insurance coverage.
- **15. PROPERTY CONDITION (HOME INSPECTION):** If the appropriate contingency is included in the Contract, home inspection firms may be employed to inspect the condition of the Property, including central heating and cooling systems and components, plumbing and electrical systems and components, the roofing, exterior and interior walls, ceilings and floors, foundation and/or basement (including chronic water penetration). If the Property is part of a condominium, Buyer's rights include access to the common areas to perform the inspection.
- 16. PRIVATE WATER AND SEWAGE SYSTEMS: Many properties are serviced by wells and/or private water and/or sewage systems. Local laws or lenders may require various tests and/or inspections. If the Property is serviced by any such system, this should be addressed by a separate addendum to the Contract.
- 17. ENVIRONMENTAL CONSIDERATIONS; HAZARDOUS MATERIALS: There are many hazardous materials that could affect a Property. The Brokers and their agents will generally have no knowledge of these hazardous materials and do not have the technical expertise to ascertain or advise you of the presence or significance of these hazardous materials. Buyer has the right to request, as a condition of an offer and, subject to acceptance by the Seller, the employment of a specialist of Buyer's choice to provide an analysis of hazardous materials which may be present. Hazardous materials inside the home can include, but are not limited to, cleaning chemicals, paint, asbestos, radon, lead paint, petroleum products, lawn and garden chemicals and indoor air pollutants that can accumulate. Hazardous materials outside the home can include, but are limited to, those found in contaminated land, water, landfills and other disposal sites, industrial air and water emissions, radiation from high tension wires, and those which may be present in underground storage tanks. Generally, additional information pertaining to these materials is available from the Maryland Department of the Environment (MDE) at (410) 537-3000.
- **18. FIRE-RETARDANT TREATED PLYWOOD:** The use of fire-retardant treated (FRT) plywood as roof sheathing may result in the loss of wood strength through thermal degradation. The extent of such degradation depends upon the particular fire-retardant treatment used as well as the temperature levels and the degree of moisture present in the roof and attic systems. Additional information regarding FRT plywood is available from the National Association of Homebuilders at (800) 368-5242. For information as to whether a Property was constructed with FRT plywood, Buyer may contact the local Department of Building Inspections and Permits and/or request that a home inspector determine the condition of FRT plywood if present.
- **19. RADON:** The MDE and the U.S. Environmental Protection Agency (EPA) have found levels of naturally occurring radon in some areas of Maryland that exceed the levels considered acceptable by the EPA. Studies have shown that extended exposure to high levels of radon can adversely affect your health. Radon testing firms in the area have special equipment to detect elevated levels of radon on a Property. They can also recommend actions to be taken to decrease concentrations of radon to an acceptable level. Buyer is advised to contact the Center for Radiological Health at the MDE at (410) 537-3000 for further information on radon.
- **20. LEAD PAINT:** The MDE has found that many homes built before 1978 contain lead paint, the ingestion of which can be particularly dangerous. The potential dangers of lead paint may be greatly exacerbated by repairs and renovations performed without the assistance of a qualified lead paint removal specialist. Buyer is advised to contact the Lead Paint Poisoning Prevention Division of the MDE at (410) 537-3000 for further information on lead paint. Specialists are available to determine if lead paint has been used in a Property. In some cases, lead paint inspection may be mandatory.

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 27 of 139

- **21. ASBESTOS:** Asbestos has been used in residential property for insulation, fireproofing, acoustical, decorative and other purposes. Common uses of asbestos include insulation around boilers and pipes, surfacing material, ceiling and floor tiles, roofing material, wallboard, and cement pipe. Improper handling or removal of asbestos during renovations or repairs may damage the asbestos and cause asbestos particles to become airborne, potentially causing health risks. Buyer is advised to contact the MDE at (410) 537-3000 for further information on asbestos.
- **22. AVAILABILITY OF LIMITED WARRANTY:** A Limited Warranty may be available for purchase through a Broker. Such a Limited Warranty may provide, subject to the terms and conditions of the Limited Warranty, compensation in the event certain named components and/or appliances become inoperable or fail during a specified period of time (usually one year from settlement).
- 23. NEWLY CONSTRUCTED RESIDENCES: a) New Home Warranty Plan: If a Property is a newly constructed dwelling, Maryland law requires that Seller/Builder provide Buyer with a written statement concerning the presence or absence of a New Home Warranty (addendum will be attached); b) Insulation: Seller/Builder must inform Buyer of the location, type and thickness (R Factor) of insulation used in the walls and roof of the newly constructed residence; c) Water/Sewer Service: a Property may be subject to a fee or assessment which purports to cover or defray the cost of installing or maintaining all or part of the public water or waste water facilities serving a subdivision. This fee or assessment may be payable annually. Seller will provide Buyer with a detailed written disclosure of the amount of the fee, the duration of the fee, and any right to prepay or discount the fee.
- **24. CERTIFICATIONS:** Depending upon the type of mortgage applied for by Buyer, lenders may require certain certifications that relate to a Property or require inspections/appraisals that certify that a Property is free of specific hazards or conditions.
- 25. FHA PREPAYMENT: FHA regulations specify that if the loan is paid in full on the first day of a month, interest for that month is not payable, but if the loan is paid in full on any day other than the first day of a month, interest may be payable through the end of that month.
- 26. NOTICES/FAX TRANSMISSIONS: Unless otherwise provided herein or in another Addendum, any notice to Buyer shall be effective when delivered to Buyer or an agent of Buyer, and any notice to Seller shall be effective when delivered to Seller or an agent of Seller. Notices under the Contract shall be in writing, and may be hand-delivered, mailed or transmitted by an electronic medium which produces a tangible copy. An electronic copy of a signed offer, acceptance, addendum or notice shall be deemed the equivalent of the original document. While not required, it is suggested that documents with original manual signatures of the parties be forwarded to Buyer and Seller in accordance with the Contract.

__Eax:

disclosure or disclaimer statement.

You are hereby holified that, in certain Circumstances, you have the light to testing your gentract with the seller if the seller fails to deliver to you the written property condition disclosure or disclaimer statement. Section 10-702 provides that a buyer who does not receive the disclosure or disclaimer statement on or before entering into the contract has the unconditional right, upon written notice to the seller or seller's agent.

- (i) To rescind the contract at any time before the receipt of the disclosure or disclaimer statement or within 5 days following receipt of the disclosure or disclaimer statement; and
- (ii) To the immediate return of any deposits made on account of the contract.

Your right to rescind the contract under Section 10-702 terminates if not exercised before making a written application to a lender for a mortgage loan, if the lender discloses in writing at or before the time application is made that the right to rescind terminates on submission of the application or within 5 days following receipt of a written disclosure from a lender who has received your application for a mortgage loan, if the lender's disclosure states that your right to rescind terminates at the end of that 5 day period.

Your rights as a buyer under Section 10-702 may not be waived in the contract and any attempted waiver is void. Your rights as the buyer to terminate the contract under Section 10-702 are waived conclusively if not exercised before:

- (i) Closing or occupancy by you, whichever occurs first, in the event of a sale; or
- (ii) Occupancy, in the event of a lease with option to purchase.

The information contained in the property condition disclosure statement is the representation of the seller and not the representation of the real estate broker or sales person, if any. A disclosure by the seller is not a substitute for an inspection by an independent professional home inspection company. You should consider obtaining such an inspection. The information contained in a disclosure statement by the seller is not a warranty by the seller as to the condition of the property of which condition the seller has no actual knowledge or other condition, including latent defects, of which the seller has no actual knowledge. The seller is not required to undertake or provide an independent investigation or inspection of the property in order to make the disclosures required by Section 10-702. The seller is not liable for an error, inaccuracy or omission in the disclosure statement if the error, inaccuracy or omission was based upon information that was not within the actual knowledge of the seller or was provided to the seller by a third party as specified in Section 10-702(i) or (j).

You may wish to obtain professional advice about the property or obtain an inspection of the property.

The undersigned buyer(s) and seller(s) acknowledge receipt of this notice on the date indicated below and acknowledge that the real estate licensee(s) named below have informed the buyer(s) and the seller(s) of the buyer(s)' seller(s) of the buyer(s)' seller(s) that and the seller(s) and the seller(s) are the seller(

built prior to 1978 S notified: that suct properly Ray Bontalo leut mant and tribe of post field and from the chips or
lead paint dust may place young children at risk of developing lead poisoning if not managed properly Lead poisoning in young children may
produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and
impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller/landlord of any interest in residential real
property is required to disclose to the buyer/tenant the presence of known lead-based paint hazards and to provide the buyer/tenant
with any information on lead-based paint hazards from risk assessments or inspections in the seller's/landlord's possession. A tenant
must receive a federally approved pamphlet on lead poisoning prevention. It is recommended that a buyer conduct a risk assessment
or inspection for possible lead-based paint hazards prior to purchase.

1848 Circle Rd,

Section 10-702 of the Real Property Article, Annotated Code of Maryland, requires the owner of certain residential real property to furnish to the purchaser either (a) a RESIDENTIAL PROPERTY DISCLAIMER STATEMENT stating that the owner is selling the property "as is" and makes no representations of warranties as to the condition of the property or any improvements on the real property, except as otherwise provided in the contract of sale, or in a listing of latent defects; or (b) a RESIDENTIAL PROPERTY DISCLOSURE STATEMENT disclosing defects or other information about the condition of the real property actually known by the seller. Certain transfers of residential property are excluded from this requirement (see the exemptions listed below).

10-702. EXEMPTIONS. The following are specifically excluded from the provisions of §10-702:

- 1. The initial sale of single family residential real property:
 - A. that has never been occupied; or
 - B. for which a certificate of occupancy has been issued within 1 year before the seller and buyer enter into a contract of sale;
- A transfer that is exempt from the transfer tax under §13-207 of the Tax-Property Article, except land installment contracts
 of sales under §13-207(a) (11) of the Tax-Property Article and options to purchase real property under §13-207(a)(12) of
 the Tax-Property Article;
- 3. A sale by a lender or an affiliate or subsidiary of a lender that acquired the real property by foreclosure or deed in lieu of foreclosure;
- 4. A sheriff's sale, tax sale, or sale by foreclosure, partition, or by court appointed trustee;
- 5. A transfer by a fiduciary in the course of the administration of a decedent's estate, guardianship, conservatorship, or trust;
- 6. A transfer of single family residential real property to be converted by the buyer into use other than residential use or to be demolished; or
- 7. A sale of unimproved real property.

Section 10-702 also requires the owner to disclose information about latent defects in the property that the owner has actual knowledge of. The owner must provide this information even if selling the property "as is." "Latent defects" are defined as: Material defects in real property or an improvement to real property that:

- (1) A purchaser would not reasonably be expected to ascertain or observe by a careful visual inspection of the real property; and
- (2) Would pose a direct threat to the health or safety of:
 - (i) the purchaser; or
 - (ii) an occupant of the real property, including a tenant or invitee of the purchaser.

MARYLAND RESIDENTIAL PROPERTY DISCLOSURE STATEMENT

NOTICE TO SELLERS: Complete and sign this statement only if you elect to disclose defects, including latent defects, or other information about the condition of the property actually known by you; otherwise, sign the Residential Property Disclaimer Statement. You may wish to obtain professional advice or inspections of the property; however, you are not required to undertake or provide any independent investigation or inspection of the property in order to make the disclosure set forth below. The disclosure is based on your personal knowledge of the condition of the property at the time of the signing of this statement.

NOTICE TO PURCHASERS: The information provided is the representation of the Sellers and is based upon the actual knowledge of Sellers as of the date noted. Disclosure by the Sellers is not a substitute for an inspection by an independent home inspection company, and you may wish to obtain such an inspection. The information contained in this statement is not a warranty by the Sellers as to the condition of the property of which the Sellers have no knowledge or other conditions of which the Sellers have no actual knowledge.

The following provisions are included in and suppressed are included in the following provisions are included in the following provision are included in the following provision are included in the foll

The Property is sold in "AS IS" condition as of the Date of Contract Acceptance. Seller makes no warranty, express or implied, as to the condition of the Property or any equipment or system contained therein. Seller agrees to comply with Section 10-702 of the Real Property Article of the Annotated Code of Maryland if applicable (Residential Property Disclosure and Disclaimer). The parties agree that all paragraphs in the Contract pertaining to property condition (Paragraph 22) and wood destroying insects (Paragraph 19) are hereby deleted from the Contract except that Buyer retains the right to walk through the Property within five (5) days prior to settlement.

Buyer and Seller agree to initial only one of the following:

A. "AS IS" WITHOUT INSPECTION(S)

The Property is sold in "AS IS" condition as of the Date of Contract Acceptance without any inspection(s) or contingencies regarding the condition of the Property.

B. "AS IS" WITH INSPECTION(S) AND RIGHT TO TERMINATE

The Property is sold in "AS IS" condition as of the Date of Contract Acceptance. Buyer, at Buyer's expense, may have the Property inspected. In the event Buyer is dissatisfied with the results of any inspection(s), Buyer, upon written notice to Seller given within 10 from the Date of Contract Acceptance, shall have the unconditional right to terminate the Contract. If Buyer elects to terminate the Contract, the Contract shall become null and void, and Deposit(s) shall be disbursed in accordance with the Deposit paragraph of the Contract. If Buyer fails to have inspection(s) performed or fails to submit written notice of termination within the time period specified, Buyer shall have no right thereafter to terminate the Contract and the Contract shall remain in full force and effect.

Seller shall make the Property accessible for such inspection(s) and shall have utilities in service at the time of the inspection. Neither Buyer, nor any agent or contractor(s) of Buyer. shall in any way excavate, penetrate or otherwise damage any part of the Property without the prior written consent of Seller nor shall any furnishings, boxes, or personal property belonging to Seller be moved or relocated unless absolutely necessary in connection with the inspection(s). If the Property is part of a condominium, Buyer will be given access to the common areas to perform the inspection(s). Buyer and Seller shall have the right to be present during the inspection(s), and Buyer shall give Seller reasonable advance notice of the date and time of any inspection(s).

If Buyer or Buyer's agents or contractors damage the Property during any inspection(s), Buyer shall be responsible for all costs incurred in correcting such damage. Buyer's responsibility for all costs incurred in correcting any damage shall survive termination of the Contract.

All other terms and conditions of the Contract of Sale remain in full force and effect.

WEAT ESTATE COMMISSION

Understanding Whom Real Estate Agents Represente

THIS NOTICE IS NOT A CONTRACT

In this form "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease"

Agents Who Represent the Seller

Seller's Agent: A seller's agent works for the real estate company that lists and markets the property for the sellers and exclusively represents the sellers. A Seller's agent may assist the buyer in purchasing the property, but his or her duty of loyalty is only to the sellers.

Subagent: A Subagent means a licensed real estate broker, licensed associate real estate broker, or licensed real estate salesperson who is not affiliated with or acting as the listing real estate broker for a property, is not a buyer's agent, has an agency relationship with the seller, and assists a prospective buyer in the acquisition of real estate for sale in a non-agency capacity. The subagent works for a real estate company different from the company for which the seller's agent works. The subagent can assist a buyer in purchasing a property, but his or her duty of loyalty is only to the seller.

If you are viewing a property listed by the company with whom the agent accompanying you is affiliated, and you have not signed a Buyer Agency Agreement and a "Consent for Dual Agency" form, that agent is representing the seller

Agents Who Represent the Buyer

Buyer's Agent: A buyer may enter into a written contract with a real estate broker which provides that the broker will represent the buyer in locating a property to buy. The agent from that broker's company is then known as the buyer's agent. The buyer's agent assists the buyer in evaluating properties and preparing offers and developing negotiation strategies and works in the best interest of the buyer. The agent's fee is paid according to the written agreement between the broker and the buyer. If you as a buyer wish to have an agent represent you, you must enter into a written buyer agency agreement.

Dual Agents

The possibility of **dual agency** arises when the buyer's agent and the seller's agent both work for the same real estate company, and the buyer is interested in property listed by that company. The real estate broker or the broker's designee, is called the "dual agent." Dual agents do not act exclusively in the interests of either the seller or buyer, and therefore cannot give undivided loyalty to either party. There may be a conflict of interest because the interests of the seller and buyer may be different or adverse.

If both seller and buyer agree to dual agency by signing a Consent For Dual Agency form, the "dual agent" (the broker or the broker's designee) shall assign one agent to represent the seller (the seller's "intra-company agent") and another agent to represent the buyer (the buyer's "intra-company agent"). Intra-company agents are required to provide the same services to their clients that agents provide in transactions not involving dual agency, including advising their clients as to price and negotiation strategies.

by an agent of his or her own but simply to receive assistance from the seller's agent, from another agent in that company, or from a subagent from another company.

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 41 of 139

No matter what type of agent you choose to work with, you have the following rights and responsibilities in selling or buying property:

- >Real estate agents are obligated by law to treat all parties to a real estate transaction honestly and fairly. They must exercise reasonable care and diligence and maintain the confidentiality of clients. They must not discriminate in the offering of properties; they must promptly present each written offer or counteroffer to the other party; and they must answer questions truthfully.
- >Real estate agents must disclose all material facts that they know or should know relating to a property. An agent's duty to maintain confidentiality does not apply to the disclosure of material facts about a property.
- >All agreements with real estate brokers and agents must be in writing and explain the duties and obligations of both the broker and the agent. The agreement must explain how the broker and agent will be paid and any fee-sharing agreements with other brokers.
- >You have the responsibility to protect your own interests. You should carefully read all agreements to make sure they accurately reflect your understanding. A real estate licensee is qualified to advise you on real estate matters only. If you need legal or tax advice, it is your responsibility to consult a licensed attorney or accountant.

Any complaints about a real estate licensee may be filed with the Real Estate Commission at 500 North Calvert Street, Baltimore, MD 21202. (410) 230-6205

Case 1:18-cv-02844-RDB SEATE OF 139 REAL ESTATE COMMISSION Page 42 of 139

Consent for Dual Agency

(In this form, the word "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease")

When Dual Agency May Occur

The possibility of Dual Agency arises when:

- 1) The buyer is interested in a property listed by a real estate broker; and
- 2) The seller's agent and the buyer's agent are affiliated with the same real estate broker.

Important Considerations Before Making a Decision About Dual Agency

A broker or broker's designee, acting as a dual agent does not exclusively represent either the seller or buyer; there may be a conflict of interest because the interests of the seller and buyer may be different or adverse. As a dual agent, the real estate broker does not owe undivided loyalty to either the seller or buyer.

Before the buyer and seller can proceed to be represented by a broker acting as a dual agent, they must both sign Consent for Dual Agency. If the <u>buyer</u> has previously signed Consent for Dual Agency, the buyer must **affirm** the buyer's consent for the purchase of a particular property before an offer to purchase is presented to the seller. If the <u>seller</u> has previously signed Consent for Dual Agency, the seller must **affirm** the seller's consent for the sale of the property to a particular buyer before accepting an offer to purchase the property. The **affirmation** is contained on Page 2 of this form.

Your Choices Concerning Dual Agency

In a possible dual agency situation, the buyer and seller have the following options:

- 1. Consent in writing to dual agency. If all parties consent in writing, the real estate broker or the broker's designee (the "dual agent") shall assign one real estate agent affiliated with the broker to represent the seller (the seller's "intra-company agent") and another agent affiliated with the broker to represent the buyer (the buyer's "intra-company agent"). Intra-company agents are required to provide the same services to their clients that agents provide in transactions not involving dual agency, including advising their clients as to price and negotiation strategy.
- 2. Refuse to consent to dual agency. If either party refuses to consent in writing to dual agency, the real estate broker must terminate the brokerage relationship for that particular property with the buyer, the seller, or both. If the seller's agreement is terminated, the seller must then either represent him or herself or arrange to be represented by another real estate company. If the buyer's agreement is terminated, the buyer may choose not to be represented by an agent of his or her own but simply to receive assistance from the seller's agent, from another agent in that company, or from a subagent from another company. Alternatively, the buyer may choose to enter into a written buyer agency agreement with a different broker/company.

more associate brokers or salespersons, or a combination of the two, who:

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 44 of 139

- 1. Work together on a regular basis;
- 2. Represent themselves to the public as being part of one entity; and
- Designate themselves by a collective name such as "team" or "group."

The team operates within a brokerage, and team members are supervised by a team leader as well as by the broker, and, if they work in a brokerage branch office, by the branch office manager.

The law permits one member of a team to represent the buyer and one member to represent the seller in the same transaction only if certain conditions are met. If both parties agree, the **broker** of the real estate brokerage with which the salespersons or associate brokers are affiliated or the **broker's designee** (the "dual agent") shall designate one team member as the intra-company agent for the buyer and another team member as the intra-company agent for the seller. No one else may make that designation.

The law also requires that the buyer and seller each be notified in writing that the two agents are members of the same team, and that the team could have a financial interest in the outcome of the transaction in addition to any financial benefit obtained by selling one of the broker's own listings. THIS CONSTITUTES YOUR NOTICE OF THOSE FACTS.

Dual agency may occur only if both parties consent to it, and sign the Consent for Dual Agency form prescribed by the Real Estate Commission. If you have concerns or questions about being represented by a team member when another team member represents the other party, you should address these to the broker or branch office manager before signing the Consent form.

ACKNOWLEDGMENT OF RECEIPT OF NOTICE

I/we acknowledge receipt of the Notification of Dual Agency within a Team.

SALES COMPARISON COMMENTS:

The subject is a unique property because of its size and restoration. Similar properties do not sell as frequently as other more traditional smaller and younger homes. When properties like the subject do sell, they still tend to vary considerably from each other in terms of size, amenities, condition and acreage.

The appraiser made his best attempts to find area sales that bracket the subject's various features including location, size, condition, design, acreage, amenities, etc.. After consideration of locations, dates of sale and physical differences, the comparable sales included are considered the best indicators of the subject's market value although they may not "bracket" in all categories.

Sales of similar properties are few and far between. Due to limited recent comparable sales, the appraiser had to include a few sales that occurred over 1 year, but they are some of the best available sales. There was a rise in 2018 prices from early Spring through Summer although values appear stable at the present for similar higher end properties.

As noted above, there has been a general lack of similar proximate and comparable sales. Therefore, the appraiser also used some comparable sales that are located over 1 mile from the subject, however, all are still within the same greater Baltimore County market.

Although the comparable sales used are not of the same design as the subject, they are similar in utility and therefore are considered comparable. This does not adversely affect the estimate of value.

The appraiser adjusted the acreage by a nominal \$20,000 per acre for the general privacy the acreage affords, not for any extra utility since most similar lots are wooded, hilly and otherwise unusable. The appraiser attempted to include smaller and larger acreage comparable sales.

The subject and comparable sales vary in chronologic age, but all are considered to have comparable effective ages since each has been remodeled over the years which gives them comparable overall effective ages. Therefore, no age adjustments were made.

The subject and most of the comparable sales have been remodeled and they are considered to be in similar overall condition although they may still vary slightly.

The subject offers a large mechanic style garage with lifts, storage kitchen areas and 1,700+ sq ft of finished usable space above. Like pools and other exterior amenities, the market does not value similar structures to the extent it would cost to recreate them. However, interested buyers would be willing to pay a nominal premium for them. Therefore, the subject's out building, like the comparable sales' exterior amenities, were given less contributory value than cost.

Buyers looking for a home in the area are more concerned with the quality of the materials used as well as condition and consider size a secondary factor. Gross living areas shown for the comparable sales are estimated based on the information from the multiple list service, Realtors, buyers, sellers, inner office data bank, appraiser, actual measurements or city/county tax records. Although the square footage noted on the public record reports is reviewed as a unit of comparison, little consideration is given to the figures as they are often found to be inaccurate, including areas not viewed as living area, ie., enclosed porches, basements, etc. Slight variations in size will not have any affect on the estimate of value. The size adjustment is based on \$50.00 per square foot. Any size differentials less than 100 square feet are not recognized in the market as added value, thus, no adjustments are given.

The size, age and price per sq ft of the comparable sales may vary from the subject by more than 25%, but they are some of the best available sales to bracket the subjects various features as noted above.

The subject's location and condition are desirable, however, there are two aspects of the subject that could affect its marketability and they are the limited number of full baths and the proximity to the adjacent house at the bottom of the driveway. Most buyers of similar properties prefer to have full individual suites rather than shared hall baths, however, extra baths could be added to the subject. The proximity to the adjacent house cannot be corrected, however, sight of that property could be obstructed with extra landscaping. It is of this appraiser's opinion that most buyers of a similar property would prefer to have more privacy. There isn't enough market evidence to determine how the market will react to the proximity of the adjacent house, but it could affect marketability and/or value.

The subject and comparable sales are located in the same greater market area. Once adjusted to the subject, the settled comparable sales suggest a value range for the subject between \$2,498,200 and \$3,128,575 while the active listing suggests a value of \$2,778,400. The range of value provided by the comparable sales reflects the various locations, condition, sizes, modernization and amenities offered by each property. This is the most probable sale price range for the subject and all of the sales were considered fairly equally in the final value analysis since no one sale is most like the subject in every regard. The final value opinion was \$2,725,000.

The appraised value is above the predominant area sales price due to the subject's size, design and condition, but the subject is not an over improvement.

The appraised value is not a fact or a limitation by any means. Rather, it is the appraiser's opinion of what the subject would most likely sell for on the open market if it were to be listed. A list price would expect to be much higher. The appraiser's value opinion was based on a direct comparison to some of the most "similar" area sales activity. If tested on the open market, the market could react to the subject with a higher or lower sales price than estimated, but it is expected to be fairly close to the appraised value since that is how the market has reacted to other most "similar" properties.

MARKET VALUE:

The appraiser references market value throughout this report which is defined as the most probable price which a property should bring in a competitive an open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what her or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

PURPOSE AND FUNCTION:

The Intended Users of this appraisal report are identified on page one. The Intended Use is to develop an opinion of the fair market value for the property that is the subject of this appraisal for listing assistance, subject to the stated Scope of Work, purpose of the appraisal, reporting requirements of this appraisal report form, and Definition of Market Value. No additional intended Use or Users are identified by the appraiser.

This appraisal report has been prepared for the exclusive benefit of the client mentioned on page one of this appraisal. It may not be used or relied upon by any other party. Any party which uses or relies upon any information in this report, without the preparer's written consent, does so at their own risk.

SCOPE OF THE APPRAISAL:

The scope of an appraisal is the extent of the process collecting, confirming and reporting of data. This is woven throughout the appraisal report since the process follows FNMA's and other secondary market guidelines. Data was collected from a variety of sources. As explained on the URAR form and it's addendum, data was obtained from the applicable multiple listing service, Marshall Cost Service, our files, inspections, public records, agents, buyers, sellers and other sources believed reliable. FEMA maps, Census maps, tax maps, Street maps among other sources provided additional data.

The data was used to develop the appropriate and meaningful approaches to value. The form summarizes the process and conclusion of value for each of the approaches and a final estimate of market value. Other pertinent information about the extent of the process of collecting, confirming and reporting is located on the main form and it's addendum.

This is an Appraisal Report, which is intended to comply with the reporting requirements set forth under Standards Rule 2-2(a) of the Uniformed Standards of Professional Appraisal Practice. As such, it presents only summary discussions of the data, reasoning and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation that is not provided with the appraisal report is retained in the appraiser's file.

To develop the opinion of value, the appraiser preformed a complete appraisal process, as defined by USPAP. Therefore, no departures from Standard I were invoked.

EXTRAORDINARY ASSUMPTIONS AND CONDITIONS:

There may be liens on the subject property that the appraiser is not aware of. The reader of this report must understand that the valuation is assuming the subject is free and clear of any liens or encumbrances.

This appraisal is utilizing an Extraordinary Assumption that all Zoning and Building Use regulations for the subject have been complied with. A comprehensive examination of laws and regulations affecting the subject property was not performed for this appraisal. Appropriate Zoning officials and or an Attorney should be consulted if any interested party has questions or concerns about the improvements on site.

The appraiser is not a structural engineer or home inspector. The opinion of value reported in this appraisal report is using an Extraordinary Assumption that there are no adverse conditions that would affect the livability, soundness, or structural integrity of the property unless otherwise noted in the appraisal report. The appraiser does not and is not required to have the expertise necessary to discover deficiencies that would impact the livability, soundness, or structural integrity of the property.

The appraiser is not a home or environmental inspector and is not qualified to determine the presence or cause of any mold, the type of mold or whether the mold might pose any risk to the property or its inhabitants. The appraiser provides an opinion of value. The appraisal does not guarantee that the property is free of defects or environmental problems. The appraiser has performed an inspection of the visible and accessible areas only. Mold may be present in areas the appraiser cannot see. A professional home inspection or environmental inspection is recommended if any concerns exist. This appraisal is using an Extraordinary Assumption tat there are no environmental problems with the subject property.

It should be noted that areas throughout Maryland have reported Radon Gas. This appraisal is using an Extraordinary Assumption that the subject is not affected.

The utilities were on at the time of the inspection, the tested components (electric, heating/cooling, plumbing are functional. with no repairs noted The appraiser has also assumed only observable repair issues and does not assume any hidden problems.

No value for any personal property, fixtures and/or intangible items are included in the appraised value. Chattels are generally described as movable items of personal property and would include such items as personal furniture, refrigerators, washers, dryers, etc.

No warranty of the subject is given or implied. No liability is assumed for the structural or mechanical elements of the property.

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 09/16/20 Page

Homes built prior to 1978 may have lead-base paint. The appraiser is not qualified to detect if the paint found in any given home is of the lead-based variety. It is, therefore, the lender's responsibility to retain an expert in this field if there are any concerns.

The subject has a septic system which is the only source of sewerage for the neighborhood due to a lack of public sewer. This does not have a negative effect on the marketability or value of the subject. At the time of the inspection, the septic appeared to be functioning properly. The appraiser is using an extraordinary assumption that it is functioning properly and meets all community standards. The appraiser is not qualified in either area, so well and septic inspections are suggested if any concerns exist

The appraiser has performed an inspection of the visible and accessible areas only. Mold may be present in areas the appraiser cannot see. A professional home inspection or environmental inspection is recommended if any concerns exist. The appraisal is using an extraordinary assumption that there is not any harmful mold in the subject property.

Exposure Time Reporting:

USPAP 2012-2013, STATEMENT 6 requires that an appraiser MUST report a reasonable exposure time in all assignments in which an opinion of reasonable exposure time must be developed.

All transaction types that require an appraisal (purchase or refinance) must develop and report the exposure time as a component of the opinion of market value. The definition of market value as defined in the FNMA forms, and that is determined in an appraisal assignment states the following:

The most probable price which a property should bring in a competitive an open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what her or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

USPAP defines exposure time as – The estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal. This means that in all assignments that use forms with the preprinted definition of market value as stated above, the appraiser must make a hypothetical condition that the property is being sold and report a reasonable exposure time, in the subject market, for the property to sell at the appraised value.

To clarify the differences between exposure and marketing times:

- Exposure time is deemed to expire as of the effective date the appraisal it examines the time frame leading up to the date of valuation, linking the value estimate to how long the property would have required exposure in order to sell at the estimated market value.
- · Marketing time is deemed to start at the effective date of the appraisal, looking forward in time. It is a prediction of how long a property would require exposure to a competitive and open market in order to find a buyer, under either typical or prescribed circumstances.

Based on the subject's estimated appraised value, the subject's estimated expose time is 30-90 days.

PRIOR APPRAISAL OR SERVICES FOR THE SUBJECT PROPERTY:

I have performed no services, appraisal related or otherwise, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment

FINANCIAL INSTITUTIONS REFORM, RECOVERY & ENFORCEMENT ACT SUPPLEMENT:

I certify that:

this appraisal report may be used in a federally related financial transaction that is subject to the requirements of Title IX of the Financial Institutions Reform, Recovery and Enforcement Act of 1989;

the appraisal report was completed in accordance with the Uniform Standards of Professional Appraisal Practice (USPAP)

DEFINITION OF MARKET VALUE:

The amount of cash, or on terms reasonably equivalent to cash, for which in all probability the property would have sold on the effective date of the appraisal, after a reasonable exposure time on the open competitive market, from a willing and reasonably knowledgeable buyer, with neither acting under any compulsion to buy or sell, giving due consideration to all available economic uses of the property at the time of the appraisal.

* Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF LIMITING CONDITIONS AND CERTIFICATION

CONTINGENT AND LIMITING CONDITIONS: The appraiser's certification that appears in the appraisal report is subject to the following conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is valued on the basis of it being under responsible ownership.
- 2. Any sketch provided in the appraisal report may show approximate dimensions of the improvements and is included only to assist the reader of the report in visualizing the property. The appraiser has made no survey of the property.
- 3. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 4. Any distribution of valuation between land and improvements in the report applies only under the existing program of utilization. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used.
- 5. The appraiser has no knowledge of any hidden or unapparent conditions of the property or adverse environmental conditions (including the presence of hazardous waste, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. This appraisal report must not be considered an environmental assessment of the subject property.
- 6. The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- 7. The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
- 8. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that completion of the improvements will be performed in a workmanlike manner.
- 9. The appraiser must provide his or her prior written consent before the lender/client specified in the appraisal report can distribute the appraisal report (including conclusions about the property value, the appraiser's identity and professional designations, and references to any professional appraisal organizations or the firm with which the appraiser is associated) to anyone other than the borrower; the mortgagee or its successors and assigns; the mortgage insurer; consultants; professional appraisal organizations; any state or federally approved financial institution; or any department, agency, or instrumentality of the United States or any state or the District of Columbia; except that the lender/client may distribute the property description section of the report only to data collection or reporting service(s) without having to obtain the appraiser's prior written consent. The appraiser's written consent and approval must also be obtained before the appraisal can be conveyed by anyone to the public through advertising, public relations, news, sales, or other media.
- 10. The appraiser is not an employee of the company or individual(s) ordering this report and compensation is not contingent upon the reporting of a predetermined value or direction of value or upon an action or event resulting from the analysis, opinions, conclusions, or the use of this report. This assignment is not based on a required minimum, specific valuation, or the approval of a loan.

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20™Page: 74 Rof 139

CERTIFICATION: The appraiser certifies and agrees that:

- 1. The statements of fact contained in this report are true and correct.
- 2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- 3. Unless otherwise indicated, I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- 4. Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- 5. I have no bias with respect to the property that is the subject of this report or the parties involved with this assignment.
- 6. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- 7. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- 8. My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.
- 9. Unless otherwise indicated, I have made a personal inspection of the interior and exterior areas of the property that is the subject of this report, and the exteriors of all properties listed as comparables.
- 10. Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification (if there are exceptions, the name of each individual providing significant real property appraisal assistance is stated elsewhere in this report).

Re: Property: 1848 Circle Rd

Towson, MD 21204

Owner: Kevin B Merrill

File No.:

In accordance with your request, we have appraised the above referenced property. The report of that appraisal is attached.

The purpose of this appraisal is to estimate the market value of the property described in this appraisal report, as improved, in unencumbered fee simple title of ownership.

This report is based on a physical analysis of the site and improvements, a locational analysis of the neighborhood and city, and an economic analysis of the market for properties such as the subject. The appraisal was developed and the report was prepared in accordance with the Uniform Standards of Professional Appraisal Practice.

The value conclusions reported are as of the effective date stated in the body of the report and contingent upon the certification and limiting conditions attached.

It has been a pleasure to assist you. Please do not hesitate to contact me or any of my staff if we can be of additional service to you.

Sincerely,

Adam J. Bolling

Certified Residential Appraiser

APPRAISAL ADDENDA:

These addenda are designed to simplify the reporting of comments most typically required by lenders to clarify aspects of the appraisal process. The following comments are applicable to the subject property:

TYPE OF APPRAISAL REPORT:

My analyses, opinions, and conclusions were developed and this report has been prepared in conformity with the Uniform Standards of Professional Appraisal Practice. In accordance with the Definitions Section, Standard 1 and Standard 2 of the Uniform Standards of Professional Appraisal Practice issued by the Appraisal Standards Board of the Appraisal Foundation, this appraisal report is considered to be an "Appraisal Report". See Addendum #4.

PURPOSE OF THE APPRAISAL:

The Purpose of the Appraisal is to estimate the market value of the subject property for market valuation purposes. This appraisal assignment was not based on a requested minimum valuation, a specific valuation, or approval of a loan.

SCOPE OF THE APPRAISAL:

The scope of the appraisal consisted of an analysis of the relevant market data in the market area of the subject property, an exterior and interior inspection of the subject property or an examination of the plans and specifications for a proposed property, an exterior inspection of the comparable sales utilized in the sales comparison analysis, and the application of the relevant approaches to value in order to reach a value conclusion. Cost estimates were developed from the Marshall and Swift Residential Cost Handbook and verified by local sources and appraiser's files. Depreciation is based on the Age/Life Method.

The appraisal is based on information gathered by the appraiser from public records, other identified sources, inspection of the subject property and neighborhood, and selection of comparable sales within the subject's market area. The original source of the comparables is shown first in the Data Source section of the market grid along with the source of confirmation, if available. The sources and data are considered reliable. When conflicting information was provided, the source deemed most reliable has been used. Data believed to be unreliable was not included in the report nor used as a basis for the value conclusion.

EXCLUSIVE/ INTENDED USE

This appraisal report has been prepared for the exclusive benefit of **Gregory Milligan**, **Receiver**. This appraisal report is intended for the use of the lender/client and/or their assigns for a mortgage finance transaction only. This report is not intended for any other use. No other party may use or rely on any information in this report, without the preparer's written consent. Neither all nor any part of the contents of this report shall be conveyed to any person or entity, other than the appraiser's or firm's client, through advertising, solicitation materials, public relations, news, sales or other media, without the written consent and approval of the authors, particularly as to valuation conclusion, the identity of the appraiser or firm with which the appraiser is connected, or any reference to affiliation with any professional appraisal organization or designation. Further, the appraiser or firm assumes no obligation, liability, or accountability to any third party. If this report is placed in the hands of anyone but the client, client shall make such party aware of all the assumptions and limiting conditions of the assignment.

DIGITAL SIGNATURE CERTIFICATION:

The electronic signatures that appear on this report are a true and accurate replica of the appraiser's actual signatures. Security measures, (in the form of passwords), are in place to preserve the integrity of the report, and to ensure that each appraiser can apply his or her own signature to an appraisal.

DIGITAL PHOTOGRAPH CERTIFICATION:

The photographs used in this appraisal report were produced with digital imaging technology. The digital photographs of the subject property in this report are original photographs that were taken at the time of the inspection and have not been altered or enhanced in any way. The appraiser personally inspected and photographed the comparable sales used in the appraisal report; however, some of the photographs of the comparable sales may have been downloaded from an on-line provider since these images better depict the comparable at the time of sale. The photographs used in this appraisal report are a true and correct representation of the subject property and the comparable sales.

FLOOD MAP DATA / MAP REFERENCE DATA

The flood map and flood panel information in this appraisal report are provided by a third party and cannot be altered in anyway. The lender should have a flood certification preformed. The data provided in the flood section of this report is provided for information purposes only and is beyond the scope of an appraisal report. **All map references were obtained using ADC**

APPRAISER INDEPENDENCE STATEMENT

No employee, director, officer, or agent of the lender, or any other third party acting as a joint venture partner, independent contractor, appraisal management company, or partner on behalf of the lender has influenced or attempted to influence the development, reporting, instruction, inducement, intimidation, bribery or in any other manner.

I have not been contacted by anyone other than the intended user (lender/client as identified on the first page of the report), borrower, or designated contact to make an appointment to enter the property. I agree to immediately report any unauthorized contacts either personally by phone or electronically to **the proper authorities.**

USPAP DISCLOSURE

I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three year period immediately preceding acceptance of this assignment.

APPRAISER COMPETENCY

The subject property is located **20 + / -** miles from my office. This assignment requires geographic competency as part of the scope of work. I have spent sufficient time in the subjects market and understand the nuances of the local market and the supply and demand factors relating to the specific property type and the location involved. Such understanding will not be imparted solely from a consideration of specific data such as demographics, costs, sales and rentals. The necessary understanding of local market conditions provides the bridge between a sale and a comparable sale or a rental and a comparable rental.

Sales in the last year have been steady. Interest rates and terms remain attractive. In reviewing the market data, the appraiser finds supply / demand levels are in balance at the time of the appraisal inspection. Market influences in the general area are considered typical and stable. MLS records indicate a typical market exposure time of 3-6 months. The median sales price was researched for sales in a four mile radius for the first 6 months and the most recent 6 months prior to the date of the appraisal. The first 6 months of the year the median sales price was found to be \$1,200,000. The most recent 6 months were researched and the median sales price was found to be \$1,206,250. Based on the calculated information the median sales price of homes similar to the subject in the market area were found to be stable at the time of the inspection. At the time of the inspection the subjects future marketability should not be affected.

In 2008 the Country faced its most serious financial crisis since the great depression. As record high home prices in the Baltimore Washington corridor turned decisively downward in 2007, the entire U.S financial sector began to crumble. The "Great Recession" would take a toll on real estate prices for the next several years. In recent years home prices in the mid-atlantic area have continued to remain stable or increase as the availability of credit coupled with the low interest rates and high demand fuel a sellers market. Base Realignment and Closure (BRAC) has also brought willing and active buyers into various military installations in the Baltimore / Washington corridor. At the present time property values in this area of Baltimore County continue to remain stable. Sales concessions of up to 6 percent in points or closing costs are common in this area.

The median sales price data was obtained from the bright MLS and is deemed reliable, but is not guaranteed by bright or the appraiser. This information is considered to be secondary data obtained by the appraiser. Outliers to the data set are often omitted from the data above and only "comparable sales" contribute to the data set.

Adverse Site Conditions

Normal utility easements exist for electric, telephone, etc. There are no apparent adverse easements, encroachments, or other apparent adverse conditions. Refer to title for any easements of record.

Regarding GLA and Basement Measurements

All measurements for the subject property were made by the appraiser at the time of the appraisal inspection in accordance to Fannie Mae, HUD, and ANSI Z765 guidelines. Only finished areas were considered on the above grade area and the basement was included on the basement & finished line of the sales grid. Were applicable the subject was measured on the exterior of the dwelling. The interior was measured when the exterior was unable to be measured or determined. The subject has sloping walls or dormers on the second floor the width or length of the second floor was measured to the height of the 5ft and the additional space was excluded from the GLA calculations. All measurements were performed in strict accordance to industry standards.

Regarding Adjustments Utilized In Sales Comparison

All adjustments utilized in the sales grid were derived from the paired sales analysis. The Government Sponsored Enterprises (GSE) do not have specific limitations or guidelines associated with net or gross adjustments. The number and/or amount of the dollar adjustments must not be the sole determinant in the acceptability of a comparable. Ideally, the best and most appropriate comparable would require no adjustment; however this is rarely the case as typically no two properties or transaction details are identical. Some adjustments were determined using the sales provided in the report. However, other sales from the market area where utilized and were not included in the report. They were used to determine the amount of the adjustment. To make sure the comparison was apples to apples and as accurate as possible the appraiser first removed all other factors of value besides the adjustment in question. The remainder left over became the adjustment utilized on the sales grid. By removing the additional influences of value the appraiser attempted to extract the data from an otherwise weak indicator of market value to gain perspective on market reaction. In the Sales Comparison Approach below the appraiser discloses the adjustment rationale utilized by the field and Paired Sales, Extracted Market Data, or N/A.

The quality and condition ratings for the subject and comparables are based upon my personal inspection of the subject, and my interpretation of the photos and comments for comparable sales from the MLS, and how they compare to the subject. They fall under the same adjustment rationale utilized above. The appraiser also relies upon the Core Logic Smart Exchange which allows peer data to be viewed by the appraiser. The peer data as considered, but not always accurate due to the data being considered dated or contradictory to MLS photos or primary data obtained by the appraiser. The appraiser does not have knowledge or information regarding the adjustment methods utilized by appraiser's peers. See the comment above (Regarding GLA and Basement Adjustments) for an explanation of how the measurements of the subject were performed.

Sales Comparison Analysis - Summary of Sales Comparison Approach / Adjustment Rationale

Proximity to Subject - N/A - Comps 1 - 3 exceed one mile. Every effort was made to locate Colonial style comps within the typical one mile underwriting guideline; however, due to the lack of settled sales the search was expanded beyond one mile to homes of varying design offering similar GLA, function, and utility. Adjustments were not warranted for differences in design or location.

Financing - N/A - Adjustments for differences in financing (FHA, VA, Conventional, and Cash) were not considered. The market does not warrant differences in the type of financing.

Concessions - N/A - Seller concessions of up to 6% are typical for the market area and deemed acceptable. The concessions of comps 1, 2, and 3 did not appear to impact the sale of the properties. Therefore, an adjustment for concessions below 6% was not warranted.

Date of Sale / Time - N/A - It was noted that comp 2 settled in excess of six months prior to the inspection of the subject; however, they settled within the typical one year underwriting requirement and were the best available.

- Every effort was made to locate 2 comps that settled within the 90 days prior to the inspection. However, due to the lack of settled sales the search was expanded to dated comparables. Time adjustments were considered; however, they were not utilized as the subjects neighborhood was found to be stable at the time of the inspection.

Form of Ownership - N/A - Per SDAT (MDAT) the subject is currently owned in Fee Simple form of ownership.

Site - Extracted Data - Adjustments were made for significant differences in site size at a rate of \$20,000 per acre or \$.46 per

Property Address	1848 Circle Rd					
City	Towson	County Baltimore	State MD	Zip Code 21204		
Landar/Cliant						

square foot for differences over \$1,000. The subjects site size is typical for the market area and the future marketability of the subject should not be affected.

View - Paired Sales 1 - 3 - The subjects view rating is considered to be Neutral and Residential. Differences in the sub-view were not made due to a lack a sufficient market data and the inability to extract the market reaction for differences other than Adverse, Neutral, or Beneficial.

Actual Age - N/A - Adjustments for significant differences in chronological age were not made. Rather, the age was considered on the condition line of the sales grid using agent remarks, interior, and exterior photos from the MLS (MRIS).

Quality of Construction - Paired Sales - Adjustments for differences in quality of construction were made for to the comps. The exterior of the subject property, like the comparables is typical for the market area and did not warrant an adjustment.

Condition - Paired Sales 1 - 3 - The appraiser judged the subject to be in C2 condition. The subject had recent updates and upgrades as well as extremely high quality of construction. Agents reported comps 1, 2, and 3 to be in C2 condition as well.

Room Count - Extracted Data - Adjustments for differences in overall room count as well as bedroom count were not made on the sales grid. Rather the adjustment was considered on the Gross Living Area (GLA) line of the sales grid. Adjustments for differences in bathroom count were made at a rate of \$20,000.

- Adjustments were made for significant differences in gross living area between the subject and the comps at a rate of \$** per square foot.

Basement & Finished - Extracted Data - Adjustments for differences in basement square footage was not made on the sales grid; rather, the adjustment was considered on the rooms below grade line of the sales grid. Each room below grade received an adjustment of \$10,000. Differences in finished rooms were not considered and each room was given equal value on the grid. Laundry and Utility rooms were not considered to be finished rooms and did not receive value.

Heating / Cooling - Extracted Data - Adjustments for differences in heating and cooling was not considered. An adjustment was warranted for differences in recently updated or upgraded systems as well as geothermal units which are much more costly

Energy Efficient Items - Paired Sales 1 - 3 - Adjustments for differences in energy efficient items (windows) were not considered unless recently updated. The type of window (casement, slide, double hung or single hung) does not warrant an adjustment in the subjects market area.

Garage / Carport - Paired Sales 1 - 3 - Differences in garage spaces were made on the sales grid at a rate of \$10,000 per bay. The driveway number of cars on page 1 denotes width and not total car storage or off street parking. Adjustments for differences in driveway width were not considered on the sales grid due a lack of market data and the inability to match pair an adjustment.

Porch/Patio/Deck, Etc. - Extracted Data - Deck or Patio adjustments were made at a rate of \$20,000, Screened Porch \$25,000, Covered Porch \$22,500, Covered Deck \$22,500.

Fireplace, Etc. - Extracted Data - Fireplace adjustments were made at a rate of \$10,000 each.

Fence, Pool, Etc. - Extracted Data - Fence adjustments were made at a rate of \$5,000 and In-Ground Pool \$20,000.

Features - Paired Sales 1 - 3 - The Uniform Appraisal Dataset (UAD) definitions speak heavily towards overall condition and building components. While kitchens may fall under building components this appraiser utilizes the blank line at the bottom of the sales grid to denote kitchen finishes (ie. granite, Corian, Silestone, upgraded cabinets, upgraded appliances, upgraded fixtures, etc.) This adjustment is in lieu of a larger condition adjustment on the sales grid which often confuses the reader as they are unable to determine the exact cause for the adjustment. By separating the adjustments it allows the reader a better overall sense of the kitchen finishes of the subject property versus the comparable sales utilized. Because kitchens are such a large factor in the resale of a property they are adjusted for separately on the grid. The factors considered on the condition line of the grid under overall condition and building components then becomes effective age, the remaining life of the roofing materials, flooring components, and the level of deferred maintenance (curable and incurable).

Typical Underwriting Criteria

- Across the board adjustments were made for differences in amenities and are typical for that line of the appraisal grid. An extensive search of the MLS (bright) failed to yield comps to bracket the subject with similar amenities. The future marketability of the subject should not be affected due to its amenities. A search in time and outside of the market area across board
- Sheds were considered to be personal property and due to a lack of sufficient market data were not given value in this appraisal report.
- The subject has an annual special assessment tax (\$235) which provides and finances infrastructure improvements including bulk trash pick up, recycling pick up, and parks and recreation services. It is included in the subjects total tax bill. The subject also has an annual front foot assessment for water and sewer lines payable to a private utility company. This is also included in the subjects total tax bill.
- The percentage of land marked "other" on the present land use section of page 1 of the URAR denotes vacant land.
- The rooms marked other on the rooms below grade section of the sales grid indicate Dens, Theater Rooms, etc. Laundry rooms, storage rooms, and furnace rooms are considered to be unfinished rooms and not given value in this appraisal report.
- All GLA for the comparable sales is estimated on the sales grid. Unless indicated the appraiser has not physically measured the comparable sales. The subject was measured at the time of the inspection in accordance to ANSI Z765.
- The date listed on the date of sale / time line of comps 1 3 is the settle date of those comps.

Lender/Client					

File No. 1005231A

- MLS (MRIS) records indicate a typical market exposure time of 3-6 months. The average marketing time is 3-6 months; however, if the comps are not priced correctly the when listed for sale the marketing time may exceed 6 months.
- Every effort was made to bracket (Larger, Smaller, Equal) the subject in GLA, age, site size, and other features on the sales grid; however, due to the lack of settled sales the subject was unable to be bracketed. Across the board adjustments are typical on these lines of the grid.
- The average marketing time is 3-6 months; however, if the comps are not priced correctly the when listed for sale the marketing time may exceed 3 months. Sales concessions of up to 6% are typical for the market area and an adjustment was not warranted.
- At the time of the appraisal although a few were noted, foreclosures were not prevalent in the subjects neighborhood or market area due to the large number of state and federal government jobs available. At the present time or in the near future foreclosures should not affect the subjects future marketability.
- The prior transfers of the subject and the comps is obtained using the MLS (bright), SDAT (MDAT), and DataMaster USA. The subject or the comparables sales utilized in this report may have transferred; however, they may not have been recorded in the fore mentioned sites until post delivery of this appraisal. The appraiser has individually examined each sale to determine if the property has transferred in the year prior to the effective date of the appraisal report.
- The value range provided on the top of page 2 in the URAR form is the value range of "comparable sales" for the past year and "comparable listings" in the subjects neighborhood or market area. These homes may compete with the subject in the eyes of a willing buyer if marketed against each other in the future. For this reason they were considered "comparable" and noted in the appraisal report.
- It was noted that the land value may exceed 30% of the subjects appraised value; however, the land to value ratio is typical in the market area and is in line with the assessed values and comparable sales within the subjects neighborhood. Moreover, the land to value ratio is due to positive locational factors and does not have an adverse impact on market ability.
- All sales prices utilized in this appraisal report were obtained using the MLS (bright). Once recorded, the sales priced may reflect a different figure due to clerical errors or additional cost associated (back taxes, HOA dues, liens, Etc.) with the purchase of the comparable. The listing agent is considered to be the most accurate source of secondary data available to the appraiser.
- Comp 2 is located across County / City lines. This was unable to be avoided due to the lack of similar settled sales. This sale offers similar linkages as the subject and future marketability of the subject should not be affected.

Final Reconciliation

The following weight and explanation for the amount was placed on the comps is as follows:

Comp 1 - 40% / Comp 2 - 40% - This comparable had the most recent settle date and best reflect the subject in the eyes of a willing and active buyer.

Comp 3 - 20% - This comp is a dated sale and was provided to demonstrate stability in the market in the several months prior to the date of the appraisal.

Cost Approach Comments

All weight was placed on the Sales Comparison Analysis as it better reflects values in the eyes of a willing and active buyer. The site value was obtained using the extraction method by gridding a comparable sale on the cost approach. Since we know the recent transfer price of a comparable sale it was added to the cost approach in an effort to arrive at a land value. This was performed using a cost index and builders price per square foot for above grade area, plus a price per square foot for the basement area, plus amenities (defined under Comments on the Sales Comparison Approach), plus garage or carport square footage, less depreciation based on the effective age based on a lifespan of 65 years. The "As Is" site improvements are added to this figure to arrive at a total without the land value added. The differences between the sales price and the total sum of the fore mentioned items will be the land value. Once a comparable sale tallied on the cost approach the subject can be added to arrive at a cost approach value. Because land value in the Baltimore Washington corridor is at a premium due to the high build up of the area the cost approach is not considered a reliable method to value and all weight was placed on the sale comparison approach as it best reflects the subject in the eyes of a willing and active buyer.

ENDING ADDENDA:

- 1. The addenda and exhibits with this appraisal are integral parts of the appraisal and may not be used separately. Nor, may any single part of this appraisal be used to indicate value without the entire appraisal. This appraisal is meant to estimate value as of the appraisal date only. It is "a snapshot in time", and the value may change with changes in the condition of the subject property, with changes in the real estate market and with changes in general economic conditions.
- 2. As directed by FNMA guidelines, the room count and gross living area are computed only on those rooms that are totally above grade. Also, as directed by and FNMA guidelines, any finished rooms (i. e., recreation rooms, bathrooms, clubrooms, etc.) that are located part or fully below grade are treated as basement rooms provided they are totally finished.
- 3. Statistics in the subject's marketing area have been researched in order to complete a (GRM) Gross Rent Multiplier Analysis. In this area, typically single family dwellings are used as primary residences. Insufficient data was available to develop a reliable Gross Rent Multiplier due to few transactions of comparable homes that were rented at the time of their sale. Thus, the Income Approach, which utilizes a Gross Rent Multiplier, was considered but was not used in this appraisal.
- 4. Unless otherwise noted, no value for personal property, other than what is typical for the area, is included in the value of the property.
- 5. Property taxes are from the Baltimore County tax computer and were the most recent available to the appraiser.
- 6. The reported predominant value is typical of this market area.
- 7. The location map in this report is included to assist anyone reading this report. Unless otherwise noted, on map or elsewhere in this report, the top of the exhibit page indicates the northerly direction in relation to the subject property.

City	Towson	County Baltimore	State	MD	Zip Code 21204	
Lender/Client						

- 8. A reasonable marketing period for the subject property is 3-6 months, if properly priced. Marketing time is projected for the subject based on supply and demand factors noted in the neighborhood section of the report. Days on Market (DOM), which is shown on the market grid for each comparable sale, represents information provided from the listing card from the Multiple Listing Service. This information pertains to the most recent listing card and does not take into consideration any prior listings, either from the broker or as a private sale (i.e., for sale by owner).
- 9. The market at this time does not warrant any adjustments between FHA, VA, and Conventional financing.
- 10. The appraiser was not aware, nor made aware of hazardous material, toxic waste, contaminated soil and/or landfill, or any other environmental hazards in the immediate area of the subject property. However, appraiser does not warrant that no environmental hazards exist in the immediate area. Any testing for such substances or identification of those materials is beyond the scope of this appraisal and the qualifications of the appraiser.
- 11. Radon gas, as a potential health hazard, can only be detected by sophisticated, scientific procedures beyond the scope of this appraisal and the qualifications of the appraiser. Therefore, the presence of radon, or lack thereof, was not a factor considered in the estimated market value of the subject property. If radon gas is present, the market value would be affected by the extent of the infiltration of this gas and its ability to be cured. A radon gas test is recommended.
- 12. No liability is assumed for structural or mechanical elements (plumbing, electrical or heating/central air systems, roof, appliances, etc.) or insulation factors or adequacy. It is assumed that, unless otherwise noted, all appliances, systems, and mechanical and structural elements are sound and in good working order. Any insulation factors used in this appraisal were provided by the owner and/or builder of the property. No warranty of the appraised property is implied or given. If there is any question about any of the above items, it is the client's responsibility to order the appropriate inspection by an appropriate expert. The appraiser is not an expert in the inspection of any of the individual components of any property.
- 13. Unless indicated in the improvements section of this appraisal report, there was no visible evidence of dampness or unusual settlement observed during the inspection, nor was there visible termite infestation. However, termite inspection goes beyond the scope of this appraisal. The appraiser is not trained to detect termites or any other wood boring insects and a termite inspection is recommended.
- 14. Unless otherwise noted on the main URAR appraisal report or an attached addendum, no significant functional or external obsolescence was noted upon inspection.
- 15. The appraiser/appraisers assume no responsibility for the existence of potentially hazardous material, such as UFFI insulation, asbestos, lead or lead based products, etc., used in the construction or maintenance of the building. NOTE: Buildings built before January 1, 1979 may contain lead paint and, therefore, may present a lead paint poisoning hazard. No liability is assumed for the possible presence of defective fire retardant plywood, (that may deteriorate prematurely) that may have been used in roof construction of this building. Any testing for such substances or identification of those materials is beyond the scope of this appraisal and, if found through such testing or inspection, might adversely affect the value of the property or void the value indicated on the appraisal. Inspection and/or testing for all these potentially hazardous materials by a qualified professional is recommended when there is any doubt about their existence.
- 16. Site value is based on review of recent land sales, site to value ratios, and land records. It was noted that the land value may exceed 30% of the subjects appraised value; however, the land to value ratio is typical in the market area and is in line with the assessed values and comparable sales within the subjects neighborhood. Moreover, the land to value ratio is due to positive locational factors and does not have an adverse impact on market ability.
- 17. Floor area calculations are approximate. Square footage figures used in this appraisal are based on the best available sources. Floor plan drawings may not be drawn to scale, and are not meant to be precise, but are used to help visualize the property. For a more detailed floor plan, the reader of this report should obtain blue prints from the architect or builder of the property. Any minor deviations in measurements do not have a significant effect on final value.
- 18. No adjustments were made on the market grid for total room count or bedrooms. The differences are considered in the adjustment for gross living area. Bathrooms are given dollar adjustments for differences in utility and due to the expense incurred in their construction.
- 19. All comparables represent settled sales, to the best of the appraiser's knowledge, unless otherwise noted. Verification is with land records, Realtors, MLS (bright) information, sellers or buyers. Every effort has been made to comply with FNMA auidelines.
- 20. Since not every subject property can be compared to "ideal" comparable sales, the appraiser has chosen the best comparables available from the subject's market which meet the investor underwriting standards and the guidelines established by appraisal organizations with which the appraiser is affiliated.
- 21. The price per square foot of living area (URAR, Sales price / Gross Living Area) varies more than \$10.00 due to differences in the amenities and/or condition of the comparables.
- 22. The appraiser is currently a Certified Residential Appraiser in the State of Maryland, License # 03-11217, expiration date 11/27/2019, and is qualified to appraise all residential Real Estate. The appraiser is also listed on the Lender Select Roster of Appraisers (Roster) in the Baltimore HUD office and in the Washington DC HUD office and is, therefore, qualified to do FHA Direct Endorsement appraisals for the Department of Housing and Urban Development.

File No. 1905231A

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Condition Ratings and Definitions

C1

The improvements have been recently constructed and have not been previously occupied. The entire structure and all components are new and the dwelling features no physical depreciation.

Note: Newly constructed improvements that feature recycled or previously used materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100 percent new foundation and the recycled materials and the recycled components have been rehabilitated/remanufactured into like-new condition. Improvements that have not been previously occupied are not considered "new" if they have any significant physical depreciation (that is, newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).

C2

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category are either almost new or have been recently completely renovated and are similar in condition to new construction.

Note: The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical depreciation, or an older property that has been recently completely renovated.

C3

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

Note: The improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. Its estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.

C/

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

Note: The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.

C5

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability is somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

Note: Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.

CA

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

Note: Substantial repairs are needed to the improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.

Quality Ratings and Definitions

Q1

Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-quality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are of exceptionally high quality.

00

Dwellings with this quality rating are often custom designed for construction on an individual property owner's site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residence constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of high or very high quality.

Case 1:18-cv-02844-RDB Document 354-1 Filed 09/16/20 Page 93 of 139 UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Quality Ratings and Definitions (continued)

Q3

Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner's site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from "stock" standards.

Ω4

Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.

0.5

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and ungrades.

06

Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure

Definitions of Not Updated, Updated, and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes.

Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost.

An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components to meet existing market expectations. Updates do not include significant alterations to the existing structure.

Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion.

A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of) square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a toilet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example:

3.2 indicates three full baths and two half baths.

APPRAISAL OF

LOCATED AT:

1848 Circle Road Towson, MD 21204-6415

FOR:

Harney Partners 401 Congress Ave, Suite 1540 Austin, TX, 78701

BORROWER:

N/A

AS OF:

May 24, 2019

BY:

Herbert L Hosford III

File No. 1905092

Attn: Gregory S. Milligan, CTP Harney Partners 401 Congress Ave, Suite 1540 Austin, TX, 78701

File Number: 1905092

In accordance with your request, I have appraised the real property at:

1848 Circle Road Towson, MD 21204-6415

The purpose of this appraisal is to develop an opinion of the market value of the subject property, as improved. The property rights appraised are the fee simple interest in the site and improvements.

In my opinion, the market value of the property as of May 24, 2019

is:

\$2,650,000 Two Million Six Hundred Fifty Thousand Dollars

The attached report contains the description, analysis and supportive data for the conclusions, final opinion of value, descriptive photographs, limiting conditions and appropriate certifications.

Herbert L Hosford III

File No. 1905092

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

File No. 1905092

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

- 1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
- 2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
- 3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
- 5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
- 6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
- 7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
- 8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
- 9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
- 10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
- 11. I have knowledge and experience in appraising this type of property in this market area.
- 12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
- 13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
- 14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
- 15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
- 16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
- 17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
- 19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
- 20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.
- 21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

- 22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.
- 23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.
- 24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
- 25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

- 1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

Uniform Appraisal Dataset Definitions

Condition Ratings and Definitions

C1 The improvements have been very recently constructed and have not previously been occupied. The entire structure and all components are new and the dwelling features no physical depreciation.*

"Note: Newly constructed improvements that feature recycled materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100% new foundation and the recycled materials and the recycled components have been rehabilitated/re-manufactured into like-new condition. Recently constructed improvements that have not been previously occupied are not considered "new" if they have any significant physical depreciation (i.e., newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).

C2 The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category either are almost new or have been recently completely renovated and are similar in condition to new construction.

*Note: The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical depreciation, or an older property that has been recently completely renovated.

C3 The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

*Note: The improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. Its estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.

C4 The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

*Note: The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.

C5 The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability is somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

*Note: Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.

C6 The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

*Note: Substantial repairs are needed to the improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.

Quality Ratings and Definitions

- Q1 Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-quality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are of exceptionally high quality.
- Q2 Dwellings with this quality rating are often custom designed for construction on an individual property owner's site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residences constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high-quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of high or very high quality.
- Q3 Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner's site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from "stock" standards.
- Q4 Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.
- Q5 Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.
- Q6 Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure.

Definitions of Not Updated, Updated, and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes.

Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical /functional deterioration.

Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost.

An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components to meet existing market expectations. Updates do not include significant alterations to the existing structure.

Remodeled

 $Significant finish \ and/or \ structural\ changes\ have\ been\ made\ that\ increase\ utility\ and\ appeal\ through\ complete\ replacement\ and/or\ expansion.$

A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

The number of full and half baths is reported by separating the two values by a period. The full bath is represented to the left of the period. The half bath count is represented to the right of the period. Three-quarter baths are to be counted as a full bath in all cases. Quarter baths (baths that feature only toilet) are not to be included in the bathroom count.

Comments on Sales Comparison

The comps. are similar in age, size, location, construction quality, utility, style, and marketability. \$50/Sq.Ft. was used for size adjustments. \$100,000/Acre was used for lot size adjustment.

Adjustments are made/based on your appraiser's experience and familiarity with the neighborhood and reflect typical buyer actions within the subject's market area. Equal emphasis was given to comps. #1 - #5. No particular methodology (averaging, mean, median, mode, and/or particular emphasis) was used to reach the opinion of value.

Gross, net and single line adjustments that exceed 25%, 15% and 10% respectively are due primarily to large adjustments for lot size, construction quality, condition and GLA. While these parameters and size differential adjustments exceed Fannie Mae guidelines, these comparables chosen are still considered the best available indicators of market value for the subject. Other sales analyzed would have required less desirable adjustments and were not used for that reason.

No adjustments were made for differences in age as the comps. are all similar in effective age. Basement adjustments are as follows: \$25,000/rec room, \$10,000 for bedrooms, full bathrooms and other, and \$5,000 for half bathrooms.

Highest and Best Use Addendum:

As noted above, based on your appraiser's analysis, the subject's highest and best use is residential. The subject is currently residential, the neighborhood is residential and the zoning permits residential.

Final Reconciliation

Emphasis on sales comparison analysis as it reflects value to a typical buyer. Cost and Income approach are not applicable. Appraisal report is intended for use by the Harney Partners for an estimate of market value only. I do not make any warranties or guarantees of any kind regarding the condition of the property, sufficiency of title, areas and boundaries, mechanical and structural conditions of the improvements and with the agreement that the appraisal represents the appraiser's opinion of value only, without any warranty that the property will actually sell for the appraised value.

File No. 1905092 **USPAP ADDENDUM** Borrower: N/A Property Address: 1848 Circle Road City: Towson County: Baltimore State: MD Zip Code: 21204-6415 Harney Partners Lender: APPRAISAL AND REPORT IDENTIFICATION This report was prepared under the following USPAP reporting option: X Appraisal Report A written report prepared under Standards Rule 2-2(a). Restricted Appraisal Report A written report prepared under Standards Rule 2-2(b). Reasonable Exposure Time My opinion of a reasonable exposure time for the subject property at the market value stated in this report is: 0-3 months Exposure Time is the estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal. Exposure time is a retrospective opinion based on an analysis of past events assuming a competitive and open market. Marketing Time is an opinion of the amount of time it might take to sell a real or personal property interest at the concluded market value level during the period immediately after the effective date of an appraisal. In other words, exposure time occurs before the effective date of the appraisal, whereas marketing time occurs after the effective date. Generally, in a stable and balanced market, the results of both marketing and exposure time will reflect similar ranges. Based on statistical analysis and the examination of relevant sales history of comparable properties, the reasonable exposure time for the subject property type is 0-3 months. **Additional Certifications** |X| I have performed NO services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment. I HAVE performed services, as an appraiser or in another capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment. Those services are described in the comments below. MARYLAND STATE COMMISSION OF REAL ESTATE APPRAISERS AND HOME INSPECTORS

ADDENDUM FOR APPRAISAL ASSISTANTS

As one of two options, the Commission requires this checklist be used when an appraisal assistant is utilized in the performance of an appraisal and does not sign the appraisal. This checklist must be signed and dated by the supervisory appraiser and included in the appraisal that is delivered to the client. It should also be retained in the appraiser's workfile. For another reporting option, please refer to the REAHI website.

This checklist is considered to meet applicable Maryland State Commission of Real Estate Appraisers and Home Inspectors requirements for acknowledgement and disclosure of significant real property appraisal assistance.

The Commission will not grant experience hours for appraisal assignments in which the appraisal assistant is not properly acknowledged in the report. This form must be referenced at the bottom of the first page of a URAR report in the "Improvements" section. For other Form Appraisal reports, it must be similarly located at the bottom of page one of the report. (e.g., "Please refer to the addendum regarding significant appraisal assistance in the preparation of this report.") This form is not required when the assisting appraiser signs the appraisal report.

Subject Property Address:

1848 Circle Road, Towson, MD, 21204

The assistant to the supervisory real estate appraiser has contributed significant real property appraisal assistance in this appraisal assignment. Specifically, the assistant:

Yes	No	N/A	Description of Assistance
V			Assisted in determining the scope of work of the appraisal. Assisted in gathering and entering data as follows: tax assessment information and map, flood hazard information and map, zoning information and map, location map and similar information.
	4		Inspected the subject property?
	V	-	If yes, accompanied by supervisor?
	of		Complete interior and exterior inspection of the subject property.
	W		Exterior only inspection of the subject property
W.			Assisted in analyzing the highest and best use of the subject property.
No.			Assisted in the collection of data, analysis, and conclusions of the Market Analysis section of the report.
		V	Assisted in gathering information for comparable land sales data, verified and analyzed the comparable land sales data.
		V	Assisted in gathering data for the cost approach, including estimates of cost new and accrued depreciation.
		West of the last	Assisted in data and analysis for the income approach, including estimates of market rent, vacancy/expense analysis, and development of GRM or capitalization rate.
	1		Assisted in the exterior inspection of the sales, rentals, land and/or other comparables.
1			Assisted in sketch drawing.
-10			Assisted in entering subject and comparable data on the form and in the comment areas.
	V.		Assisted in reconciliation and final opinion of value for the subject property.
1			Assisted in the final review of this report.
1			Assisted in the preparation of the workfile, with all forms and general information for the appraisal.

Date of Appraisal: Number of Assistance Hours Claimed: 1.5 Hours

Printed name and license # of Assistant Appraiser: John S. West, MD Licensed Trainee # 06-33067

The supervising real estate appraiser certifies that the named individual did assist with the items checked above, and also certifies that he/she reviewed all work done by the assistant. The supervising appraiser further certifies that the person named as assistant understands the concepts and processes associated with the appraisal process.
